A bill has been introduced in the Tennessee Legislature to compel all free persons of color in the State to emigrate to Liberia or dsewhere beyond the limits of the State.

Some enthusiastic exponent of "Free Love" principles, gives the following very lud description of what it is : "Free love is esof the fundamental spiritual harmonies -a primordial insaparability of the eternities—a primogenial coefficient of the supersensible ones—a cognate principle of original materiality, flowing lineally towards matrimonial, social and consonance in the universal and eternal flux of things."

Yankee Doodle and Hail Columbia.

In the event of a dissolution of the Union, what is to become of Yankee Doodle and Hail Columbia? It is creating considerable interest in Bloom ington, from the fact that the scene is laid principally in this place, and the dramatis personæ are, or were, citizens of our town. The first edition was published in 1843, and but few copies were extant in our county, which were held in high esteem by those who were so fortunate as to own them. It is written in a spicy, freeand-easy, as well as learned style. It has received the highest commendations from the literary world-for example:

What portion of the Union has always been most patriotic in war? The people of the West. When in the war of 1812, the fanatics of the East would not march their soldiers beyond the borders of their States when they were burning blue lights as signals for the enemy on the coast, and their preachers were fulminating treason from the pulpit, the gallant people of the West were wreathing imperishable laurels around their brows at New Orleans, at Tippecanoe, and the dark and melancholy banks of the river Raisin. THIS work was first published by the Appletons, of New York, 1843, and was sold immediately at \$1,50 per copy. The first edition, of 1,000 copies, was not sufficient for the demand and Mr. Appleton was so pleased with the readiness with which the book was sold that he proposed to the author a new edition of sold, that he proposed to the author a new cold was sold, that he proposed to the author a new coldino of 6,000 copies. Before any steps were taken to reprint, old Mr. Appleton died, and, as the work was not then stereotyped, his sons lost sight of it, and for more than ten years the book has therefore been out of print.

The publisher has now the gratification of offering a racy and brilliant book, which, for a time, had sunl into obscurity, but now appears again to delight and interest a new generation of readers.

The New Purchase is a truthful story of the life of

Amid the varied joys and sorrows, trials and triumphs, which attend the career of sorrows, trials and triumphs, which attend the career of the author while sojourning in the West, he kindly introduces the reader to many of his cotempo raries, some of whom are painted by a friendly hand, whilst others are touched as if with caustic. DR. HURLEY-Dear Sir: It gives me sincere pleasure o add my testimon y to the already powerful array of ertificates in favor of your Sarsaparilla. For a long ime I have suffered with general debility, extreme weakness, and entire prostration of the system. From my usual weight, which is 140 pounds, I fell off to 105 bounds. During this time I suffered much, and had ecourse to several consumptive medicines, thinking I was going into a rapid decline. I consented, from the ecommendation of my medical man, to give your Sarsaparilla a fair trial, though I confess I had little faith at the time that it would afford any more relief than the other prescriptions and medicines I had taken .-Judge then of my satisfaction on finding my appetite mproving after taking a few doses, and before I had finished the first bottle an addition to my weight of five and a half pounds, and still increasing. I feel myself fully recovered and gaining in flesh—feel capable of undergoing almost any amount of work and My complexion is clear, and of a healty hue. and I feel altogether like a new man. In fact, the improvement your Sarsaparilla has made in me appears ore like a miracle, and astonishes both the Doctor and my friends.

Ever gratefully yours,

We take pleasure, and feel it our duty, to endorse can testify to the benefits he derived from Hurley's Sarsaparilla.

treatment of Consumption, Asthma, and all diseases of the lungs. We refer to "Dr. Curtis's Hygeana, or Inchaling Hygean Vapor and Cherry Syrup." With this haling Hygean Vapor and Cherry Syrup. new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which he has innumerable certificates. Speaking of the treatment a physician remarks:—It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the ærial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of direction. The Hymners is forced at all the drugcess of digestion. The Hygeana is for sale at all the drug gists throughout the country. (From the New York Dutchman of Jan. 14th.)

remedy proved ineffectual. Diseases which for years proved a source of misery and agonizing torture readily yield beneath its irresistible influence, and countless amilies rendered happy and cheerful by its extraordinary efficacy. If you want the pure and genuine Sarsaparilla, that which is as different and superior to Bull's, Blackwell's, Townsend's, Sands', Guysott's, Cox's, or any other compound, as one thing is capable of being to another, then take Hurley's, for out of thousands of cases scattered through Alabama, Mississippi, Wiscon-sin, Indiana, Missouri and Kentucky, it has never in a single instance been known to fail, and will cure, be-

Dyspepsia or Indigestion, Scrof-ula or King's Evil, Affections of the Bones, Syphilis, Debility, Habitual Costiveness, Erysipelas, Pulmonary Diseases, Liver Complaint, Piles, Female Irregularities, Fistula, Skin Diseases, Diseased Kidneys, and as a great and powerful Tonic, purifying the Blood, and invigorating

System. Unlike other compounds which, when first introduced, are said to possess medical qualities, but soon degenerate into injurious trash, this highly concentrated fluid Extract, is prepared with the greatest accuracy and chemical knowledge, entirely of vegetable substan-ces, and warranted never to deviate in strength. The powerful machinery employed with care devoted in combination, together with the important fact that it is the only preparation in America containing Honduras or Para root, establish beyond all doubt that it is the or Fara root, establish beyond all doubt that it is the sufferer's remedy. Its extensive popularity and wide-spreading fame, coupled with unparalleled cures effect ed by its agency, have gained both public confidence and professional reliance. Hurley's Sarsaparilla is what is represented, and I believe it the most wonderful medicine before the public. Nothing under heaven could induce me to say so vithout proof of the strongest and surest kind; there ore I speak willingly and positively on the subject. My daughter has been afflicted with skin diseases and stiffness of the joints for several years. I employed the principal physicians of this city, and they could not twould do much good, but, to my great astonishment, she rapidly got well, and, thank God, continues so.—Had she been taking any other medicine, I would not give this certificate; but your Sarsaparilla, the only remedy employed, leaves no doubt of its medical qualities and that it alone cured her. remedy employed, leaves no accurations, and that it alone cured her.

Dr. Hurley—Sir: I have used your Sarsaparilla in Cholorosis, Ameorhem Leucorrhem, (Whites,) and many other diseases connected with the female organization, and always found a happy result within a shorter space of time than is usually expended in the treatment. It is decidedly preferable as a general tonic to quinine, or preparations of iron, and am fully satisfied that it will pecome an established item in the physician's recipe.

Respectfully yours. ROBT. B. ABLETT, M. D.

Medicated Inhalation.

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. Curris, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS HYGEANA, or INHALING HYGEAN VAP.) Rand CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the Oity of New York and vicinity for a few months past, ever known to man. It is producing an impression on Diseases of the Lungs never before witnessed by the Medical Profession. [See certificates in hands of agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate part of the fluid,—supplying the lungs constantly with a healing and agreeable vapor; passing into all the air-cells and passages of the lungs that cannot possibly be reached by other medicine. Here is a case:

ASTHMA CURED.

BROOKLYN. N. Y., Dec. 20, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in bed, getting what rest I could sitting in a chair. My difficulty of breathing, and my sufferings, were a great at times therefore head of the standard my sufferings. and my sufferings, were so great at times, that for hour together my friends expected that each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to pro-cure Dr Curtis' Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is __TRY IT.

MARGARET EASTON CONSUMPTION CURED!

NEW YORK, Dec. 27 1853.

I came to New York in the ship Telegraph; my native place is St. John's New Brunswick; when I reached this city my health was very poor; had a very bad cough, raised a good deal of matter, which was frequently mixed with blood; bad pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis' Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily be light was the means of critical life. lieve was the means of saving my life. Soon after wearing the Inhaler; I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it.

ed, where there was any hope. arket st., between Second and Third. JEFFERSON Co., Ky., arch, 1855.

Dr. Lewis—I take great pleasure in informing you that I consider your other's Friend one of the very

best compounds now offered to the public, and especially to afflicted females. For my wife it has worked wonders after a long and tedious trial of three years with other medicines. After she had become much deentirely complete in allits appointments, and merchants and others visiting Cincinnati, are invited to call and give our house a trial.

These she continued for a short length of time, when she recovered, and now enjoys the blessing of good health. One of my neighbors who was afflicted in a manner similar to that of my wife, took the same articles and it produced a most wonderful and speedy cure. It should be found in every family.

SAML. B. WOACK.

NEW ALBANY, 1854. Dr. Lewis-I have used and thoroughly tried your others' Friend, and find it to be one of the best comounds for female weaknesses now extant; and further say that it may well be styled the o thers' Friend for after all specifics have failed, it has performed cures that appeared almost incredible.

JOS. CADWALADER. Louisville, Ky., 1854.

Dr. Lewis-Dear sir: I cannot withhold my testimony as to the value of your Mothers' Friend. It has been used freely in my family in distressing complaints, and always with the best effects. It is decidedly the most valuable medicine for female complaints generally. I have ever known:

Dear Friend—Thy letter has been received, and it is with pleasure that I certify to thee and the world that thy preparations called the Möther's Friend stands without a rivel in medical practice. It quicks the nervous agitation, and restores the natural secretions. Therefore I tion, and restores the natural secretions.
