Editors of the News-Letter,—Dear Sirs: see by your paper of the 15th instant that you have quoted the motto, an inscription upon the Washington Monument .have the correct history of this motto in the following article of the Governor's Message of 1850, which I send you.

I say with you, let it stand as a perpet ual monument to future generations of the fidelity of Indiana to the Union. It is a proud sentiment,-a noble one. Give the author of this sentiment the credit that is due him, which I know you will with pleasure. Very Respectfully, Yours,

The American refused, and as the rules of the Company allow every passenger to carry baggage not exceeding 100 pounds weight the American Company's messengers have been traveling on the road as passengers, paying their way as such, and carrying packages in their carpet-sacks not exceeding 100 pounds weight. # Dunn out-Herods Herod.

We don't see any use of the Abolitionists, alias anti-Nebraskaites, alias Free-Dunn for not going for Banks for Speaker, as we learn that the Honorable member from Indiana objects to Mr. Banks for some vote he gave in Congress in relation to the Nebraska bill, not sufficiently antislavery. In other words, Banks is not as strong an Abolitionist as Dunn wants. It would seem, however, that Banks is "right on the nigger question," when he is endorsed by such men as Greeley, Giddings & Company.

TO FANNY FERN'S 1,000,000 READERS

A NEW BOOK COMING.

WE have the pleasure of announcing that we have W in press, and shall publish about the first of De-cember, a new work of fiction, entitled ROSE CLARK;

A ROMANCE-BY FANNY FERN

The last work, and first continuous tale of this brilliant authoress, "Ruth Hall," achieved a success unexampled in the annals of letters. In the language of a leading periodical it "created a more profound sensation than any which has been issued during a quarter of a century." But it is unnecessary to allude to the merits of "Ruth Hall." Judging from the number of copies of it we have sold, we judge that every body in the United States has read it. As respects the work we have now in press, Rose Clark, we can only say that we regard it as, in every respect, a greater, abetter work, and are confident it will not only sustain but even increase the reputation of its distinguished autheress. We have reasons for thinking that "Rose Clark" will make a greater sensation than did "Ruth Hall."

It will form an elegant 12mo volume of over 400 pages. Price \$1,25, on receipt of which copies will be sent by mail, post-paid. It will be for safe by all Published by MASON BROTHERS, New York.

The Rope-Walk.

BY HENRY W. LONGFELLOW. [From the Little Pilgrim, an excellent Monthly Maga. azine for the young, edited and published by Grace Greenwood, (Mrs. Lippincott,) Philadelphia.]

In that building long and low In that building long and low
With its windows all a-row,
Like the port-holes of a hulk,
Human spiders spin and spin,
Backward down their threads so thin, Dropping, each, a hempen bulk,

At the end an open door; Squares of sunshine on the floor Light the long and dusty lane; And the whirling of a wheel, Dull and drowsy makes me feel All its spokes are in my brain.

As the spinners to the end Downward go and reascend, Gleam the long threads in the sun; While within this brain of mine Cobwebs brighter and more fine, By the busy wheel are spun.

Two fair maidens in a swing, Like white doves upon the wing, First before my vision pass; Laugh, as their gentle hands Closely clasp the twisted strands, At their shadow on the grass.

Then a booth of mountebanks, With its smell of tau and planks, And a girl poised high in air On a cord, in spangled dress, With a faded loveliness. And a weary look of care.

Then a homestead among farms, And a woman with bare arms, Drawing water from a well; And as the bucket mounts apace With it mounts her own fair face, As at some magician's spell.

Then an old man in a tower Ringing loud the noontide hour, While the rope coils round and round, Like a serpent at his feet, And again in swift retreat Almost lifts him from the ground

Then within a prison-yard, Faces fixed and stern and hard, Laughter and indecent mirth, Ah! it is the gallows-tree! Breath of Christian charity, Blow, and sweep it from the earth?

Then a school-boy with his kite, Gleaming in a sky of light,
And an eager, upward look—
Steeds pursued through lane and field—
Fowlers with their snares concealed, And an angler by a brook.

Ships rejoicing in the breeze, Wrecks that float o'er unknown seas, Anchors dragged through faithless sand; Sea fog drifting overhead, And with lessening line and lead, Sailors feeling for the land.

All these scenes do I behold, These and many left untold, In that building long and low, While the wheels go round and round, With a drowsy, dreamy sound, And the spinners backward go.

Diseases which for years proved a source of misery and agonizing torture readily yield beneath its irresistible influence, and countless a milies rendered happy and cheerful by its extraordi-nary efficacy. If you want the pure and genuine Sarsaparilla, that which is as different and superior to Bull's, Blackwell's, Townsend's, Sands', Guysott's, Cox's, or any other compound, as one thing is capable of being to another, then take Hurley's, for out of thousands of cases scattered through Alabama, Mississippi, Wisconsin, Indiana, Missouri and Kentucky, it has never in a single instance been known to fail, and will cure, beyond all doubt,

The powerful machinery employed with care devoted in combination, together with the important fact that it is the only preparation in America containing Honduras or Para root, establish beyond all doubt that it is the sufferer's remedy. Its extensive popularity and widespreading fame, coupled with unparalleled cures effect ed by its agency, have gained both public confidence and professional reliance. # Medicated Inhalation.

A NEW METHOD.

MOST WONDERFUL DISCOVERY has recently been made by Dr. Curis, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURIS' HYGEANA, or INHALING HYGEAN VAP. IR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man. It is producing an impression on Diseases of the Lungs never before witnessed by the Medical Profession. [See certificates in hands of agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body MOST WONDERFUL DISCOVERY has recent without the least inconvenience, the heat of the body ungs that cannot possibly be reached by other medicine. ras: Here is a case: ASTHMA CURED.

BROOKLYN. N. Y., Dec. 20, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered havened all my newers of description; months at a time with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in bed, getting what rest I could sitting in a chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours tagether my friends expected that each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr Curtis' Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath.
