Missourians Hastening to the Rescue!

Sr. Louis, Nov. 30th.—Exciting and high y important news from Kansas has just oeen received.

On Thursday, Nov. 29th, near Hickory Point, three Abolitionists, armed with Sharpe's rifles, went to the claim of Mr. Coleman, and peremptorily ordered him to leave, allowing him only ten minutes n which to do so, and threatening to shoot him in case of refusal to obey. He immediately left, but shortly after returned well armed. One of the three abolitionists then attempted to shoot him but his rifle missed fire. Goleman thereupon shot him dead, and immediately gave himself up to the authorities for trial.

A mob of Abolitionists, all armed with rifles, soon gathered and repairing to Coleman's house, drove his wife and children off, set fire to the house and burned it down, together with the houses of other pro-slavery men in that vicinity. Deputy Marshal Jones arrested the lead-

btained the names of twenty of the mob. The Abolitionists are now gathering in force at Lecompton, and have demanded the release of their comrades and the sur-

ender into their hands of Coleman. Governor Shannon has ordered out the nilitia to aid the Marshal in sustaining

the laws. These proceedings have created the most intese excitement among the citizens in the border counties of Missouri, and they are repairing in large numbers to Kansas to offer their services to the Gov-

ernor to aid in maintaining the laws. Some sixteen or seventeen houses in all have been burned at Hickory Point, and several citizens in that vicinity are miss-

"Many years ago-oh, very many years ago-I enjoyed a week full of North Carolina hospitality, which was then, as now cordial, generous, and, better than all, alogether sincere. Now I have found warm hearts in the davlish cold corners of New England-just as warm as in the hot States down towards the gulf—and a Pennsylvania Dutchman has entertained me as royso they are rather obedient to an every day feeling than to an impulse; a feeling too, which has nothing to do with Northern or Southern caloric. We regret exceedingly to be obliged to announce the resignation by PROF. READ of his professorship in the University, and his acceptance of a position in the State University of Wisconsin, at Madison, the capital of that

It is a regret which will be shared largely, not only by the citizens of this vicinity, but throughout the State. Many of our best citizens regard his loss to this community in the light of a public calamity. Even down to a few weeks since, it was through him, that the munificence of Mr. DERBY, in the noble and timely gift of \$1500 worth of books, was turned to our University. As a teacher, Prof. READ has, in a remarkable degree, the power of inspiring his students with high and manly resolves, and perhaps no professor East or West, can boast of a larger number of pupils in the most distinguished positions of the country.

HIAWATHA NOT ORIGINAL.—An eastern critic as discovered the new poem of Longfellow to be nothing more than a close imitation of "KAL-EWALA," the great national Epic of the Finns, which was translated into Swedish, French, and German, between the years 1844 and 1853. So close, indeed, has been the paraphrase, as the extracts show, that not merely the sentiments, but even the metre has been preserved.

[For the News-Letter.] McClure Fund for Libraries.

One of the great instruments of popular education, reaching every family in our State, is the Township Library feature, so wisely adopted in our system of public instruction. No political community on the face of the earth has gone beyond Indiana in this beneficial provision for popular education, and no man can estimate the extent or greatness of its effect upon the rising generation, and in the families of our State.

There is, through the beneficence of a philanthropic individual, a provision of pri-she was discovered to be on fire. our State, and which, if wisely and economical of the most beautiful boats on the Missisvate bounty, which interests every citizen of ly administered, will meet a great want of our sippi river. people. I would suggest that there be prepared for the first volume of the series, a sketch of the life of Mr. McClure, containing also his will, to be bound, if not of itself forming a volume, with other biographical sketches.

2. Let the books be bound uniformly and in good substantial binding, and let there be stamped upon both covers, the name of the association, as for example, "The Working-Men's McClure Library" of Evansville.

3. Let the contract for furnishing setts of these books, for all the associations, be given to the lowest and best bidder. In order to effect this, there should be immediate concert of action among the several associations. The committee of selection might be authorised to make the contract in behalf of the associations.

The advantages of this plan are obvious: 1st. To secure the best possible selection of books, and a suitable and uniform style of binding. 2d. To afford the means of preserving the books and perpetuating the name and generos ty of the donor. 3d. To make the most economical purchase of books.

READ! READ!! READ!!! AND PONDER Louisville, Ky., Sept. 11, 1855.

Dr. HURLEY-Dear Sir: It gives me sincere pleasure o add my testimony to the already powerful array of certificates in favor of your Sarsaparilla. For a long ime I have suffered with general debility, extreme weakness, and entire prostration of the system. From my usual weight, which is 140 pounds, I fell off to 105. pounds. During this time I suffered much, and had ecourse to several consumptive medicines, thinking vas going into a rapid decline. I consented, from the ecommendation of my medical man, to give your Sard saparilla a fair trial, though I confess I had little faith. ed on the Ground, by a French Engineer, and can be relied upon as the most truthful and instructive Chart of the War and Ground that has been published. The the other 'prescriptions and medicines I had taken. but the books and papers of the boats, and the baggage of the passengers, were all destroyed.

It is supposed that not less than ten or twelve lives were lost, including two cabin boys on the Carrage Callica. fatione. My complexion is clear, and of a healty hue. and I feel altogether like a new man. In fact, the improvement your Sarsaparilla has made in me appears more like a miracle, and astonishes both the Doctor

Louisville, Jan. 6, 1855. DR. HURLEY—Sir: My wife has been afflicted with indigestion for ten years, and could never get cured.-

Dr. Hurley-Sir: Your Sarsaparilla certainly de serves to supersede all other preparations of that med-icine. Heretofore, the unsatisfactory results obtained from the use of Sarsaparilla, depended upon a want of skill in making proper selections from the different house, free of charge.

Having tested your Sarsaparilla, I am pleased to say that it is free from the imperfections alluded to, and I therefore take pleasure in recommending it to the confidence of the profession and to the afflicted public, and feel perfectly satisfied they will realize everything from it that is to be derived from the use of Sarsaparilla.

Here is a case:

DR. LEWIS—Dear Sir: 1 cannot withhold my testimony as to the value of your Mothers' Friend. It has
been used freely in my family in distressing complaints,
and always with the best effects. It is decidedly the
most valuable medicine for female complaints generally,
I have ever known.

ASTHMA CURED. BROOKLYN, N. Y., Dec. 20, 1853. BROOKLYN. N. Y., Dec. 20, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in bed, getting what rest I could sitting in a chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected that each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians. But have received no permanent benefit, and but and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr Curtis' Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued with the greatest possible benefit and am now commandively well. God possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is—ray rr.

MARGARET EASTON. CONSUMPTION CURED!

cian pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis' Hygeana, or Inhaling Hygean Vapor and Cherry Syrup; and obtained a package, which I verily be lieve was the means of saving my life. Soon after wearing the Inhaler; I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself and I left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it.
