THE SIEGE OF SEVASTOPOL.

Paris, Tuesday Morning.—The following most important dispatch has been received from General Pelissier:

"Sevastorol, June 16 .-- The bombard ment will recommence immediately."

By the arrival of the previous steamer (the Baltic) we received brief telegraphic dispatches from the camp before Sevastopol of as late dates as June 11th, and the following gleanings from our foreign files, therefore, only afford details of the intelligence of which we hitherto had but a sum-

The Courrier de Marseilles, of the 17th June, contains the following accounts from the Crimea:

"Before Sevastopol, June 3.—This mornng General Morris directed a strong reconnoisance as far as the village of Baidar. At break of day he left his camp, accompanied by General Canrobert, who commanded the infantry. The column, after marching through the Piedmontese camp, descended by the ravines to the Tchernaya and ascended along the left bank of the river to the village of Baidar, situate close to the gorges of the mountains of Vofou-

"There they found a number of inhabitants, who had not fled at the injunction of the Cossacks. I need not tell you that both persons and property were respected.—Gen. Morris had formally forbidden the plunder and ill-treatment of the inhabitants. The column, after halting there a few hours, retraced its steps, and returned to its camp at 7 P. M., after penetrating to a distance of three leagues into the country occupied by the enemy. During this bold march there was but a slight engage ment between the advanced guard and a party of Cossacks, five of whom were killed. The Russians continually retreated as we advanced.

"Monday, 4th .- It was reported that all the batteries would open their fire this morning on the Russian works, but this could not be the case, as I have already mentioned to you, from the incomplete state of our trenches on the left attack. The Bank and Branches.

This infamous Bank Law, which we showed some weeks ago to be unconstitutional, and which is a disgrace to our legislature, is working just as might have been expected. It is a swindling concern, from beginning to end. A large number of the citizens of New Albany have protested against the manner in which the stock was subscribed at that place, on the 10th. The \$100,000 stock was subscribed secretly, by a few persons, though the law and notices required books to be opened at the County Auditor's Office; and the books were not opened at all at the time and place required.

So, at Bedford, the stock was all taken by a few persons, mostly non-residents, in less than one minute, by previous concert among themselves. He also says, "he then denounced the mer-So, at Indianapolis, and elsewhere.

Our attention was directed a few days ago by a friend, to an article under the above caption, in a little newspaper said to be printed in Bloomington, called the "Western Times." The condition of the stomach is of vital imporance. No man, woman or child can be healthy unless the work of digestion is regularly, thoroughly, and vigorously performed. With three-fourths of civilized society, this is not the case. And yet the remedy is within the reach of all. Hoofland's German Bitters, prepared by Dr. C. M. ginia. The Washington correspondent of the New York Herald tells a good story in connection with the Virginia election. It is well known that the betting men in the "order" at Washington suffered immensely by betting against Wise. It seems they got the dark lantern conspiracy into Page county, which is part of the old Tenth Legion of Jefferson, and which always gave with trains for Indianapolis and Cincinnati, arriving at Lafayette at 11:55 a.m., connecting directly with trains for Indianapolis and Cincinnati, arriving at seven hundred Democratic votes out of a 9:00 p.m. total of seven hundred and fifty. At last I tried Camers's Spanis, Mixture, two bottles of which effectually cured me, and I am happy to say I have had neither Chills or Fevers since. I consider it the best Tonic in the world, and the only medicine that ever reached my case.

C. B. Mr. Luck says he has never known it to fail when taken according to directions.

Dr. Minge, a practising Physician, and formerly of the City Hotel, in the city of Richmond, says he has witnessed in a number of instances the effects of Carter's Spanish Mixture which were most truly surprising.
