The New Republic

The New Republic, a weekly magazine, was founded in 1885. It was known for its progressive and liberal stance on political and social issues. The magazine covered a wide range of topics, including literature, art, and music. It played a significant role in shaping public opinion during the late 19th and early 20th centuries.

The current edition of The New Republic features an article by Thomas Jefferson on the Declaration of Independence. The article discusses the historical context and the authorship of the document.

The magazine also includes a review of a Shakespeare play, "Hamlet," by the renowned actor and director. The review highlights the actor's interpretation of the character and the themes of the play.

The New Republic was a prominent voice in the Progressive Era, advocating for social and economic reforms. Its legacy lives on through the continued publication of thoughtful and engaging content.
HENRY A. WISE.

The News-Letter.

The Memorial.

It is really coming to pass that the day of the Mistress's return is at hand, and the story of the voyage of the ship over which she has presided is about to be told. The story of her voyage, which has been so long and so laborious, will be told, and then the voyage of her ship, which has been so long and so laborious, will be told, and then the voyage of her ship, which has been so long and so laborious, will be told, and then the voyage of her ship, which has been so long and so laborious, will be told.
