An Unsettled Question. Can a Democrat be a Methodist? This

question is forced upon the consideration of every thinking man, by the conduct of certain Methodist preachers and the Methodist Christian Advocate at Cincinnati. In 1854, the Methodist clergy in Indiana very sustain political preachers. Many sensible preachers condemned the practice of their brethren in meddling in politics; it soon became manifest that they had pre-sumed too much upon the forbearance and kind nature of the Democratic members of the Church. In 1855 the overwhelming vote in all parts of the State in favor of the Democratic party, alarmed some of these valiant soldiers of the Church Militant. They found that the people were against them, and they very prudently beprofessed in many instances to regret that politics had been introduced into the Church, whereby the good fellowship of its members had been interrupted, and hoped that such a state of things would not again occur. They know that Methodist Demo-

erats are honest, sincere men—they know that they will act independently, but they endeavor to act dishonestly with them.— They appeal to their moral and religious feelings, under a plea of temperance re-form—in favor of the abolition of slavery—on the Kansas difficulties, and they misrepresent every one of these questions, with a view to control the vote of their Democratic brother. They have pushed matters so far that they require a Democrat to abjure every article of his political faith, or they denounce him as an unworthy member of the Church. Since the ty." They virtually decide and proclaim

The Rockville Republican contains the particulars of a fatal affray which took place in that town on Monday evening of last week, between two boys named Oscar Sill and Charles Thompson, the latter a son of Judge Thompson, late of Indiana-Our citizens have laid down a good polis, and formerly Judge of this judicial circuit. It appears the two boys met after school, and a scuffle ensued. During the scuffle, Charles, who was under, inflicted several severe stabs upon Oscar, principally in the abdomen, severing the intestines and causing them to protrude through the gash some two inches in length. They were parted after a little time, and the boys started for home. After walking a short distance, Oscar fainted and was carried into a physician's office, where Drs. Allen and Rice were sent for, and his ried home, where he lingered in intense agony till Tuesday night, when he expired. Young Thompson immediately fled, and has not since been heard from.

NEW PURCHASE Or, Early Years in the West.

BY ROBERT CARLTON, ESQ. OND EDITION, REVISED AND ILLUSTRATED. IN ONE VOL-UME. FOUR HUNDRED AND FIFTY PAGES. 12MO.

THIS work was first published by the Appletons, of New York, 1843, and was sold immediately at \$1.50 per copy. The first edition, of 1,000 copies, was not sufficient for the demand and Mr. Appleton was so pleased with the readiness with which the book was sold that he present to the authors were dition of sold, that he proposed to the author a new edition of 6,000 copies. Before any steps were taken to reprint, old Mr. Appleton died, and, as the work was not then stereotyped, his sons lost sight of it, and for more than ten years the book has therefore been out of print. The publisher has now the gratification of offering a racy and brilliant book, which, for a time, had sunk into obscurity, but now appears again to delight and

The New Purchase is a truthful story of the life of the author for a period of nearly eight years, a portion of which time he was a Professor in the University of Indiana, and enjoyed the society of many men eminent in learning and politics. Amid the varied joys and sorrows, trials and triumphs, which attend the career of the author while sojourning in the West, he kindly introduces the reader to many of his cotemporaries, some of whom are painted by a friendly hand, whilst others are touched as if with caustic. Some of the characters are General John McCalla, of Lexington, Ky., and now of Washington City; Prof. Harney of the Louisville Democrat; Governor Wright, of Indiana; the late Governor Whitcomb; Prof. Bush of N. Y.; Hon. Paris C. Dunning; Austin Seward, Esq.; Rev. Andrew Wylie, D. D.; D. H. Maxwell, M. D.; Rev. Isaac Reed; Dr. R. Breckenridge, of Ky.; Rev. W. Martin, of Ind.; with many others whom it may not be advisable to montion.

interest a new generation of readers.

The incidents of the book are substantially true. The Camp-Meeting, the Log-Rolling, the Rafie Match, the Sermon in Foster's Sa Mill, the Barbecue, the Stump Speeches, the troubles and dissensions in College, the Exhibition, the Trial, the Post-office scene, lege, the Exhibition, the Triai, the Toss Mizriah Ham's discourse, the Charivari, the Pigeonshooting, &c., are seenes drawn from nature and present faithful portraitures of life in a new country.

After many weary days and sleepless nights, Smith determined to seek the object of his adoration, and make a declaration of the tender passion. Smith arose earlier than was his wont; oiled, brushed, and frizzed his hair; trimmed his whiskers; examined his coat collar to see that no stray hair had fallen upon it to indicate the fact that he had a head upon his shoulders. Thus equipped he bent his steps toward the mansion of the Union.

The lady smiled, and turned around just as a gentleman was entering the room and replied, as she presented him to the fallen man— "This is My husband—ask him!"

he confessed he could not tell. He had been out that very day with his wife, and she had purchased no fewer than three ducks: Firstly, there was a "duck of a dress;" secondly, a "duck of a parasol;" and thirdly, a "duck of a bonnet." The first was made of Genoa velvet, the second was trimmed with Valenciennes lace, and the third had a magnificent bunch of ostrich feathers. The united cost of these precious "ducks" was \$275, so that each "duck" had stood him no less than \$51 and a few shillings apiece. He supposed there were "duck" to be had in the market cheaper, but for himself, whenever he hears his wife mention the word "duck" he always trembles from head to foot, for he knows at once that it means something inordinately expensive.

LUKE REYNOLDS.

Any person requiring the truth and honesty of this statement, will find me at my residence, corner of Ninth and Walnut streets, Louisville.

Dr. Herler—Sir: I have used your Sarsaparilla in Chelorosis, Ameorhea Leucorrhea, (Whites,) and many other diseases connected with the female organization and always found a happy result within a shorter space of time than is usually expended in the treatment. It is decidedly preferable as a general tonic to quinine, or preparations of iron, and am fully satisfied that it will become an established item in the physician's recipe. Respectfully yours, ROBT. It will immediately relieve all the distressing results of the distressing results suffered for any length of the continuer chill, by continuing its use according to directions.

It will immediately relieve all the distressing results of billious or ague diseases, such as general debility, night sweats, &c. The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected. And as a proof that it is also before taking it. Having tested your Sarsaparilla, I am pleased to say that it is free from the imperfections alluded to, and I therefore take pleasure in recommending it to the confidence of the profession and to the afflicted public, and feel perfectly satisfied they will realize everything from it that is to be derived from the use of Sarsaparilla.

A NEW METHOD. A MOST WONDERFUL DISCOVERY has recently been made by Dr. Curris, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS' HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man. It is producing an impression on Diseases of the Lungs never before witnessed by the Medical Profession. [See certificates in hands of agents.]

The Lunder is worn on the breast, under the lines.

The inhaler is worn on the breast, under the linen without the least inconvenience, the heat of the body being sufficient to evaporate part of the fluid,—supplying the lungs constantly with a healing and agreeable vapor; passing into all the air-cells and passages of the lungs that cannot possibly be reached by other medicine. Here is a case:

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in bed, getting what rest I could sitting in a chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected that each hour would be my last. During the past six years I have had the side. my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr Curtis' Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ton minutes from the line of the state o breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoon rul of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is—TRY IT.

CONSUMPTION CURED!

CONSUMPTION CURED:

New York, Dec. 27 1853.

I came to New York in the ship Telegraph; my native place is St. John's New Brunswick; when I reached this city my health was very poor; had a very bad cough, raised a good deal of matter, which was frequently mixed with blood; bad pain in my leftside, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis' Hygeana, or Inhaling Hygean Vapor and Oherry Syrup, and obtained a package, which I verily be lieve was the means of saving my life. Soon after wearing the Inhaler; I found it relieved the pressure on my lungs, and after a while the disease made its apmy lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it.

DR. Lewis—I take great pleasure in informing you that I consider your Mother's Friend one of the very best compounds now offered to the public, and especially to afflicted females. For my wife it has worked wonders after a long and tedious trial of three years Dr. Hurley—Sir: My wife has been afflicted with indigestion for ten years, and could never get cured.—Four bottles of your Sarsaparilla effectually removed her complaint.

Any 12 amicted tenules. For my wife it has worked wonders after a long and tedious trial of three years with other medicines. After she had become much debiliated and almost helpless, from the long continued use of useless drugs, she resorted to your Mother's Friend in connection with other prescriptions. Friend in connection with other prescriptions which you recommended. These she continued for a short length of time, when she recovered, and now enjoys the blessing of good health. One of my neighbors who was afflicted in a manner similar to that of my wife, took the same articles and it produced a most wonderful and speedy cure. It should be found in every family.

SAML B. WOACK. NEW ALBANY, 1854. Dr. Lewis-I have used and thoroughly tried your Mothers' Friend, and find it to be one of the best com-pounds for female weaknesses now extant; and further say that it may well be styled the Mothers' Friend for after all specifies have failed, it has performed cures

Therefore I can safely recommend it to the special attention of my female friends every where, believing they will find it a friend indeed.

NEW PURCHASE:

BY ROBERT CARLTON, ESQ.

SECOND EDITION, REVISED AND ILLUSTRATED. IN ONE VOLUME. FOUR HUNDRED AND FIFTY PAGES. 12MO.

CLOTH. PRICE \$1.25.

THIS work was first published by the Appletons, of the New York, 1843, and was sold immediately at \$1,50 per copy. The first edition, of 1,000 copies, was not sufficient for the demand and Mr. Appleton was 80 pleased with the readiness with which the book was sold, that he proposed to the author a new edition of 6,000 copies. Before any steps were taken to reprint, old Mr. Appleton died, and, as the work was not then stereotyped, his sons lost sight of it, and for more than ten years the book has therefore been out of print.

The publisher has now the gratification of offering a racy and brilliant book, which, for a time, had sunk interest a new generation of readers.

The New Purchase is a truthful story of the life of Indiana, and enjoyed the society of many anen eminent in learning and polities. Amid the varied joys and sorrows, trials and triumphs, which attend the career of the author while sojourning in the West, he kindly introduces the reader to many of his cotemporaries, some of whom are painted by a friendly hand, whilst others are touched as if with caustic. Some of the characters are General John McCalla, of Lexington, Ky, and now of Washington City; Prof. Harney of the Louisville Democrat; Governor Wright, of Indiana; the late Governor Whitcomb; Prof. Bush of N. Y.; Hon. Paris C. Dunning; Austin Seward, Esq.; Rev. Andrew Wylic, D. D.; D. H. Maxwell, M. D.; Rev. Isaac Reed; Dr. R. Breckenridge, of Ky.; Rev. W. Martin, of Indianation.

The incidents of the book are substantially true.

Dr. Lewis—I have used two bottles of your medicine called the Mother's Friend in my family, and feel disposed to recommend it as the best medicine in the limits of my knowledge for weakly females, and especially for those who are afflicted at what is termed the change of life.
