In hear Mr. BROOKS. regard to some of its provisions, the Standard meets our argument by the assertion that those provisions will not be carried out-for instance, that the two agents for each township allowed by laws will not be appointed by the county commissioners. This is a poor argument in favor of any law. The simple fact that a law may operate oppressively, and will undoubtedly so operate if fully carried out is a sufficient objection.

. The objections which we have pointed out are not merely captious. They meet with a response from the friends as well as the opponents of the law, and whether our objections are well taken or not can better be determined after the law goes into practical operation. If the editor of the Standard were asked his individual opinion in regard to this law (apart from his high functions as the editor of the great Fusion organ of Lawrence county) we doubt not he would agree with us precisely as to the provisions we have named. But the Temperance party lay down for every man a Procrus tean bed, and chop him off or stretch him out to suit their own notions. How deplorable that hold their peace in regard to provisions which nominations: they know to be wrong.

DR. WM. HALL'S BALSAM FOR THE LUNGS, FOR THE CURE OF

Consumption, Decline, Asthma, Bronchitis, Wasting of the Flesh, Night Sweats, Spitting Blood, Whooping Cough, Difficulty of Breathing, Colds, Coughs, Influenza, Phthisic, Pain in the Side, and all Diseases of the Chest and Lungs.

Dr. Hall's Balsam contains no Opium, Calomel, or any mineral poison, but is composed mostly of those Roots, Herbs, and Vegetable substances which have a specific influence upon the lungs and their connected organs. Its immediate effect is to allay all irritation organs. The influence energy and other morbid secre-tions from the Throat and Air-Passages, thus relieving tions from the Throat and AII-Passages, thus relieving the Cough, by subduing the inflammation and other causes which gave rise to it. It also stimulates and imparts a healthy tone to the Lungs themselves, thereby enabling them more thoroughly to remove from the blood those impurities and diseased particles, which, if retained, do so much mischief in the system, and ay the foundation for incurable CONSUMPTION. It dso exerts a decided action upon the skin, and assists nature in expelling through the Exhalents, much of that morbid matter which would otherwise be thrown back upon the Lungs, thus relieving them of a part of their w rk, and rendering the system pure and healthy. When tubercles are forming, it checks their develop ment and further progress; or if ulceration has taken place, it assists the lungs in throwing off the corrupted matter, soothes the irritation, heals the ulcerated cavities, and restores them again to healthy action. This Medicine, therefore, is not a palliative merely, which only relieves for the time being, but is a thorough curative, as it strikes at the very root of the disease, and by removing it removes at once all its remote and atby removing it fremoves at once all its remote and attendant consequences. This is its distinguished characteristic—a property possessed, in equal power, by no other medicine of like nature, now before the public.

The Most Extraordinary CURES OF CONSUMPTION are made here at home and certified to by such men as W. D. WRIGHT, M. D., J. S. LAW-

Every woman should know that if she is in poor, sickly, debilitated condition of health, making existence a burden to herself and a source of painful anxiety to her relatives and friends, and, perhaps, (horrible reflection!) entailing and inflicting her own maladies and sufferings upon her children, that it is her duty to understand why and from what cause her sufferings arise, that remedy and relief may, while yet there is time, be availed of, the causes be avoided in future, and her health restored that she may be fitted for the duties and capable of the

njoyments of life. Let every woman look at the emaciated form, the leath-like complexion, the deep-buried, luster less eye, the sunken cheek, the gloomy and depressed spirits, the shattered nerves, the prostrate and helpless condition of many a wife, mother, daughter or sister, if not herself included, within her own circle, whose days are days of agony, and ask herself, "Must this continue? Must

this be? Is there no remedy? No relief? No hope?" The remedy is by knowing the causes and avoiding 200 copies of the lives of great Painters, snperbly bound, with an engraving of each artiste, 50,000 Illuminated Albums, different styles and

And hus every woman can discover, by comparing her own symptoms with those described, the nature, character and causes of her complaint; and be spared much anx-

iety and suffering. The wife about becoming a mother has often need of nstruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms

which otherwise would occasion anxiety or alarm. How many are suffering from obstructions or irregularities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice? How many suffer from prolapsus uteri (falling of the womb), or from fluor albus (weakness, debility &c.)? How many are in constant agony for many months preceding confinement? How many have difficult, if not dangerous deliveries and slow and uncertain recoveries? Some whose lives are hazarded during such time, will each find in its pages the means of prevention, amelioration and relief.

How many bitter moments, how much anguish, migh have been spared to the sufferer, to her husband, to her relatives, by a timely possession of this little volume. ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered 1.000 beyond all my powers of description; months at a time 2,000 I have not been able to sleep in bed, getting what rest I could sitting in a chair. My difficulty of breathing, 2,000 and my sufferings, were so great at times, that for hours together my friends expected that each hour would be 50,000 my last. During the past six years I have had the aid and attendance of some of the most celebrated physi-4,000 cians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis' Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I ap-1,000 plied the Inhaler to my stomach, and took a teaspoon-ful of the Cherry Syrup, I was relieved in a great meas-1,000 ure from the difficulty of breathing, and had a comfortable night. I accidentally heard of Dr. Curtis' Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life. Soon after wearing the Inhaler; I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it.

NEW AND VALUABLE. The most powerful King on the face of the globe now reigns supreme in the American Republic. The power of the crowned heads of Europe sink into inalgnificance when compared to that of our American King.

European Kings employ the power vested in them to increase the riches of the rich and lordly, and to reduce to greater misery and degradation, the poor and degradent. Our American King goes forth with equal withingness to the lordly massion and humble cabin, reads alike to administer relief and to offer health and hap these to the lofty and lowly, the rich and the poor.

Is the Tenth Wonder of the World and the greatest blessing ever offered to afflicted humodity; to the suffering millions, the Doctor can say, refef is at your command. You have only to use this sugicial remedy. All those who still suffer, and will no accept the profered Balm, deserve not the picy of the families.

This wonderful medicine, though the brief period since its introduction, was carried dappliess to the hearts of thousands, and made life a faam to many who heretofore regarded it only as a pfinful and miserable existence. To the winds with all daiments, Embrocations Pain Killers and Pain Expactors, and let millions of glad tongues proclaim to merrican King of Pain, a peparation composed solely of vegetables and roofs, produced by America's own rich and bounteous sell.

We would ask the LADIES, who are always competent judges of what is and what is not a valuable family medicishe, to do us a special favor by giving the King of Pain y single trial, and if satisfactory, exert their influenced it is betaif, recommend it, speak well and ofton of y, and see that it is used by their afflicted neighbors Tife Ladies are always charitable, and when they induce where suffering friends to use this really valuable medicine, they will be doing an act of benevolence that they can well be proud of. This is a powerful and truly magical remedy for all external diseases, sores, swellings, burns, &c., and for many internal afflictions, it is a cartain care, yet it is perfectly harmless and incapable of producing the least injurious effects in the most delicate cases or the weakest constitution.

It is entirely useless to follow the old and worn-out wystem of publishing to the public thousands of certificates of wonders performed by this medicine. It costs but twenty-five cents to try it; and Dr. Bull stakes his well-earned reputation on the King of Pain doing all and more than he claims for it.
