The lower branch of the Ohio Legislature has passed a bill similar to the "Personal Crawfordsville. Liberty Bill" of Massachusetts, the object of which is to nullify the fugitive slave law in Ohio. The State Sentinel says \$312,000 of Indiana Bank paper have been returned to the Indiana banks for redemption, within the past fifteen days, by the brokers of Cincinnati. We don't see anything wrong in that. The banking law of this State contemplates a redemption of the bills of all the banks established under it; and whoever wants money in the place of the shinplasters of these banks, should have it .-"Every tub should stand on its own bottom," and if the Indiana banks haven't any "bottoms," then we say let them go to pieces.

KNOW NOTHINGISM IN A NEW FORM.

The Liberties of the People in Danger!

We this day lay before the readers of the State Sentinel the platform, ceremonies, constitution, ritual, oaths, &c., of a secret ET No name entered on the subscription book until the political society, which exists in Indiana, and which has been organized for the purpose of controlling the political power and lestinies of the State.

We have been put in possession of the authentic records of this organization from such a spurce, and under such circumstances, as to leave no doubt of the correctness and truth of the exposure which we herewith place before the public. Every fact and every statement is copied from their twenty-five cents.

Special notices [always inserted next before the advertisements, on third page, and leaded] 10 cents per line for the first insertion, and 5 cents per line for eveown printed book of forms and ritual, tial publishers, and delivered to none but those who were sworn to fidelity, and to keep their secrets.

The "League" is a most abominable conspiracy, entered into by a faction of restless and corrupt men, to control and direct the people in such manner as will conduce to the advancement and propagation of Abolition, disunion, and intolerant doctrines and interests. We look upon this movement as being worse in its tendencies, and more pernicious in its sentiments than original Know Nothingism, because it hypocritically assumes to be the advocate and supporter of human liberty and human rights, while it practically enslaves the citizen, disfranchises a portion of the community, and drives from political connection a large number of American citizens, for their religious opinions.

We give the following condensed exposure of this miserable concern, that every reader may judge of it for himself.

Here is the title page of the book:

Dr. Everts' Poems.

Thanks to our friend, Dr. O. EVERTS, of Laporte, for a copy of his "O-na-we-quah; and Other Poems." The volume is not offered to the public either for sale or publication, but has been printed for the gratification of the author's personal friends, and for the better preservation of the Poems. From a cursory examination of O-na-we quah, the principal poem, an Indian legend, which occupies fifty-one pages of the volume, we are favorably impressed with the Doctor's ability as a poet. We believe that Ona-we quah would be more highly appreciated by the majority of readers than Hiawatha. We are of the opinion, however, that his claims to a place on Parnassus are better founded on his lyric poems. As a specimen, we give the following, which we think is very beautiful:

DOWN THE LANE. Down the long lane, in the country, Stood a cottage, fair to see; Shaded round with creeping ivy, Shaded round with many a tree; And a Paradise it seemeth, Passing fair, in memory.

Down the long lane, in the country,
Lived a maiden, nameless here;
Lovelier than the flowers around her,
Purer than the pearliest tear;
And an angel now she seemeth,
As in dreams she draweth near.

Down the long lane, in the country, Fennel now, and weeds have grown; Yt whene'er I pass along it, Shadows o'er my path are thrown; Ahcient shadows, that come o'er me, As from out another zone.

Down the long lane, in the country,
Time has wrought full many a change;
Thither now no spirit woos me—
Seldom there my foetsteps range;
And the way-side, love-deserted,
Coldly seemeth, lone and strange.

#### A Wonderful Discovery

Has recently been made by Dr. Curtis of this city, in the reatment of Consumption, Asthma, and all diseases of the lungs. We refer to "Dr. Curtis's Hygeana, or In-taking Hygean Vapor and Cherry Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which he has innum-brable certificates. Speaking of the treatment a physi-cian remarks:—It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come is direct to that the whole properties must come in direct contact with the whole of the zerial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomacil, and subjected to the process of digestion. The Hygeana is for sale at all the druggists throughout the country. (From the New York Dutchman of Jan. 14th.)

Before any steps were taken to reprint, old Mr. Appleton died, and, as the work was not then stereotyped, his sons lost sight of it, and for more than ten years the book has therefore begin out of print.

The New Purchase is a truthful story of the life of the author for a period of nearly eight years, a portion of which time he was a Professor in the University of Indiana, and enjoyed the society of many men eminent in learning and politics. Some of the characters are General John McCalla, of Lexington, Ky. and now of Washington City; Prof. Harney of the Lou isville Democrat; Governor Wright, of Indiana; the late Governor Whitcomb; Prof. Bush of N. ### Meanness Extraordinary.

Some years ago, while Capt. Ward was sailing a craft on the upper lakes, a man fell overboard in the evening. The fact was immediately discovered, and the Captain promptly threw a number of loose articles into the lake for the drowning man to seize upon. Among these happened to be a bunch of shingles from a lot which the imperiled gentleman was having transported on the boat. When the vessel was turned about, it was discovered that this

turned about, it was discovered that this bunch had floated within reach of the man, and that he had sustained himself upon it.

He was taken on board, and without expressing any gratitude for his deliverance, he told the Captain, with considerable agitation, that he should expect pay for his shingles that had been thrown overboard.—
Capt. Ward replied that he was sorry—that if he had known the shingles were his he would uot have done it.

Hurley's Sarsaparilla.

This invaluable compound, so fully appreciated by the American people, is gaining wide celebrity, and has become permanently established the best and most effective medicine of the day. Certificates are daily pouring in from all parts of the States, and the afflicted now rejoice that there is help when every other remedy proved ineffectual. Diseases which for gazars remedy proved ineffectual. Diseases which for years proved a source of misery and agonizing forture readily yield beneath its irresistible influence, and countless amilies rendered happy and cheerful by its extraordiannies reintered happy and cheerful by its extraordinary efficacy. If you want the pure and genuine Sarsaparilla, that which is as different and superior to Bull's, Blackwell's, Townsend's, Sands', Guysott's, Cox's, or any other compound, as one thing is capable of being to another, then take Hurley's, for out of thousands of cases scattered through Alabama, Mississippi, Wisconsin Indiana Missaria and Kontrales it has reversing sin, Indiana, Missouri and Kentucky, it has never in a single instance been known to fail, and will cure, beyoud all doubt,

Unlike other compounds which, when first introduced, are said to possess medical qualities, but soon degenerate into injurious trash, this highly concentrated fluid Extract, is prepared with the greatest accuracy and chemical knowledge, entirely of vegetable substances, and warranted never to deviate in strength. The powerful machinery employed with care devoted in combination, together with the important fact that it is combination, together with the important fact that it is the only preparation in America containing Honduras or Para root, establish beyond all doubt that it is the sufferer's remedy. Its extensive popularity and widespreading fame, coupled with unparalleled cures effected by its agency, have gained both public confidence and professional reliance. Therefore, henceforth let it be understood, for the proofs are too numerous and

Dr. Hurley—Sir: I have used your Sarsaparilla in Cholorosis, Ameorhon Leucorrhea, (Whites,) and many other diseases connected with the female organization and always found a happy result within a shorter space of time than is usually expended in the treatment. It is decidedly preferable as a general tonic to quinine, or preparations of iron, and am fully satisfied that it will become an established item in the physician's recipe.

GEORGE MULLIKIN.

OREGON, Ind., Nov. 28, 1854. Dr. Hurley—Sir: Your Sarsaparilla certainly deserves to supersede all other preparations of that medtisfactory results obtained from the use of Sarsaparilla, depended upon a want of skill in making proper selections from the different qualities found in our markets, and that which has been vended in the form of nostrums has generally been preto recover appetite and strength, and continues until a permanent and radical cure is effected. And as a proof which, if containing any Sarsaparilla at all, was a very cheap and worthless article, and in the majority of in-stances left the sufferer in a much worse condition than before taking it. Having tested your Sarsaparilla, I am pleased to say that it is free from the imperfections alluded to, and I therefore take pleasure in recommending it to the confidence of the profession and to the af-flicted public, and feel perfectly satisfied they will realize everything from it that is to be derived from the use of Sarsaparilla. BROOKLYN. N. Y., Dec. 20, 1853. For about eight years I have been severely afflicted

with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in bed, getting what rest I could sitting in a chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected that each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr Curtis' Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonwith the Asthma; for the last two years I have suffered plied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is—TRY IT.

After she had become much debiliated and almost helpless, from the long continued use of useless drugs, she resorted to your Mother's Friend in connection with other prescriptions which you recommended. These she continued for a short length of time, when she recovered, and now enjoys the blessing of good health. One of my neighbors who was afflicted in a manner similar to that of my wife, took the same articles and it produced a most wonderful and speedy cure. It should be found in every family-SAML B. Dear Friend—Thy letter has been received, and it is with pleasure that I certify to thee and the world that thy preparations called the Mother's Friend stands without a rival in medical practice. I have used it, and its effects surpass any preparations of that order I ever saw, in those distressing and weakening diseases to which the sex is liable.
