The work of rescue was a herculean work but bravely undertaken and heroically consummated! It was the more difficult, as but about eight men could work at a

time. There were eighty men constantly alized. And this progress was interruptpure air, which put out lights.

Let it be known that these heroic workmen were in constant peril of their lives, in all the fortnight's work. Of course they had propped up with timber as they worked in; but at times the timber bent like a reed under the immense pressure, and, at times, gave way. The fragmentary condition of it too late to save the men—they took new vigor and new hope, and still pressed on till Friday, when the attention of the workmen was arrested by a knocking within.-They paused, and hallooed-again and again hallooed! when the voice of the entombed was heard faintly in a responsive

The crowd without, on the river bank, soon caught the cheering news, and 'Hurrah! Hurrah!' rent the air with such a joy as never awoke the echoes of that beautiful valley before. The scene just then was most thrilling. How differently it effects different men, this rapture of joy. Some laughed wildly as lunatics! Some whooped like Aborigines! Some capered and caspiration! It was a rare scene, and not discreditable to our fallen human nature.

The next thing in order was to hold a conversation with the entombed. The first intelligible question propounded by the insiders was,

"Was anybody killed by the caving?" 'None' said the workmen.

'Hurrah! Hurrah!' was heard from within This jubilee of the entombed was reported outside to the crowd, who responded to

it by a sponstanteous hurrah of their own.

This dialogue gave new hope to the and the lights were resumed, and the work went on till Friday night, when it was said they were within twenty minutes of the rescue. Arrangements were all made to receive them when expectation was again baulked by another caving in of the "Wall, then he ain't half through," said earth and rock. Friday night the work continued. Some six hundred people remained till one o'clock Saturday morning. when the rescued were brought out to the crowd with their faces covered, and their bodies very much emaciated and exhausted. Their families were not permitted immediately to meet them. Physicians were present to look after their well-being, and everything done to make sure of the results of the long labor, viz: the preservation of their lives. Pierson, the oldest man, had a fluttering at the heart; the others seemed to be 'as well as could be expected.' Their faces were covered to protect their eyes. The boy, Savage, it is said made enquiry the first thing after a chew of tobacco'-the rest after their families and friends. They had taken some sleep on some dry dirt which they had piled up for that purpose, but had no idea of the time that had elapsed. Notwithstanding these men were thus

It was my desire that there should be no Convention until after the candidates, in a more leisure time, had canvassed the county; and I submitted a proposition to this effect for publication in the Newsed cook of the Orchard House opportunely Letter. But such a plan not being satisfactory came to the rescue of the ladies, and with a to all concerned, (the candidates) for the sake against the existing legally constituted auof harmony in the Democratic ranks--which at this time, more than ever before, is all-important, as upon the success of that party and its principles in the coming elections depends the peace and happiness of millions-I have concluded to be governed by the action of the meeting, called for the 21st of June. All that that within ten days two boys have died in that I ask of the people is, that they come up to that meeting untrammeled, and unpledged; as I shall there ask the liberty of briefly giving them my views, and then submit myself to their decision.

I would embrace this opportunity of urging upon you, my fellow-Democrats, the necessity of vigilance in the pending struggle with the hosts of fusionism. That for which you contend is worthy of your every effort—it is no less than the integrity of the Union—the very exis-

The condition of Mr. Sumner is not leemed so favorable this morning as it was yesterday, and his physicians forbid him to leave his room. The committee of the two houses took the preliminary steps for ing the assault.

Springfield, May 24. Anindignation meeting was held last evening by the students of Amherst College in reference to the outrage upon Mr. Sumner. The meeting was addressed by President Stearns, Profs. Havens, Green, at theinsult to Massachusetts and of sympathy to Mr. Sumner.

NEW YORK, May 24. The Republican county committee, at a meeting held last evening, passed strong resolves denouncing the assault upon Mr. Sumner, and calling upon the House of Representatives to expel the assailant, and upon the courts at Washington city to punsh him, otherwise the seat of Government must be removed.

Boston, May 24. The meeting of citizens called to express the popular sentiment in regard to the assault on Senator Sumner was an immense assemblage. Though called at a late hour in the day, Chaplin Hall was found too small to accommodate the crowd, and an adjournment to Tremont Temple was found to be necessary.

The meeting was opened with prayer by Rev. Mr. Beecher. Mr. Greeley presided. A general indignation was expressed by the speakers and pervaded the audience. Speeches were made by Rev. Mr. Freesell, Theodore Parker, J. M. D. Williams, of Cambridge; Lyman Beecher, Jno. L. Swift, and W. B. Spooner. The speeches of Messrs. Phillips and Parker, are almost entirely political, with minor references as to the object of the meeting.

Mr. Spooner dissented from the declaration made by both, that the men not of the freesoil party rejoiced at the assault on Mr. Sumner, and justified the assault by Mr. Brooks. He said it was not so, and held out a requisition for the use of Faneuil Hall on Saturday night for a mass meeting, signed by over fifty men of all parties. The present meeting, he said, was a spontaneous one, and no special party had credit for its initiation.

The meeting adjourned at 1 o'clock to assemble at Faneuil Hall this evening. NEW YORK, May 24.

CONTRAST the tints brought out in the hair by Cristadoro's matchless revitalizing HAIR DYE, and those produced by the application of the burning fluids ordinarily sold as Hair Dyes, you see at once that the color is natural in one case, unnatural in the other, and the simple reason is that Cristadoro's is the only preparation which, by its exact chemical combination, operates on natural and immutable principles. A HUMAN LIFE SAVED!!

Downgiac, Mich., March 11, 1856. J. A. RHODES, Esq.: Dear Sir—As I took your med cine to sell on consignment, "no cure no pay," I take pleasure in stating its effects as reported to me by three brothers who live in this place, and their testimony is a fair specimen of all I have received:

W. S. Conklin told me—"I had taken nine bottles of Christie's Ague Balsam, and continually run down while using it, until my lungs and liver were congested to that degree that blood discharged from my mouth and bowels, so that all thought it impossible for me to live through another chill. The doctors too, did all they could for me, but thought I must die. Nothing did me any good until I got Rhodes' Fever and Ague Cure, which at once relieved me of the distress and nausea at my stomach, and pain in my head and bowels, and produced a permanent cure in a short time."

H. M. Conklin says: "I had been taking medicine of as good a doctor as we have in our county, and taken

Persons wishing this or any other host. I have all the any quantity of quinine and specifics without any good result, from 25th August to 17th December. But seeing how nicely it operated on my brother, Lgot a bottle of Rhodes' Fever and Ague Cure, which effected a

permanent cure by using two thirds of a bottle."

S. M. Conklin was not here, but both the other brothers say his case was the same as H. M.'s. I sold the medicine to both the same day, and the cure was as speedy from the same small quantity, and I might so specify. Yours, with respect, A. HUNTINGTON.

The above speaks for itself. Good proof as it is, it is

of no better tenor than the vast number of like certificates I have already published, and the still greater number that are continually pouring in to me.

One thing more. Last year I had occasion to caution the public in these words:
"I notice one firm who have taken one of my gene

ral circulars, substituted the name of their nostrum for my medicine, and then with brazen impudence, end their pamphlet with the exclamation, 'Let the proprieter of any other medicine say as much if he dares,'"

Now I take pleasure in saying that the caution referred to the same "Dr. Christie's Ague Balsam" that is mentioned in the above certificate.

mentioned in the above certificate.

There are several other industrious people who are applying to their poisonous trash all that I publish about my Fever and Ague Cure, or Antidote to Malaria, except the certificates of cures, and the certificate of the celebrated chemist, Dr. Jas. R. Chilton, of New York, in favor of its perfectly harmless character, which is attached to every bottle. These will always serve to distinguish my medicine from imitations.

No 181 William st., New York, 1856 5

DEAR SIR—The object of this circular is to call your attention to a new and valuable enterprise in which I

have engaged, in connection with my other Pictorial Publications. The work to which I allude is Sears' Large Type Quarto Bible, FOR FAMILY USE, ENTITLED

THE PROPLE'S PICTORIAL DOMESTIC BIBLE. THE OLD AND NEW TESAMENTS

According to the Authorized Version: Illustrated with about one thousand Engravings

REPRESENTING THE Historical Events, Landscape Scenes, Antiquities, Costumes, Beasts, Birds, Insects, Plants and Trees, Minerals, Coins, Medals, Inscriptions, from

the most authentic Sources: WITH 50,000 MARGINAL REFERENCES. TC WHICH ARE ADDED Ancient Chronology, by Abraham Calovius; a Summary of the whole Scripture; an accurate copperplate Map of Palestine; a beautiful engraved Family Record, &c., &c.

Each chapter commences with an illuminated letter. This is, without doubt, the cheapest and best Family Bible in the market. It is destined, if we can form an opinion from the notices of the Press, to have an unprecedented circulation in every section of our wide-spread continent, and to form a distinct era in the sale of our works. This useful book will no doubt in a few years become THE FAMILY BIBLE OF THE AMERICAN PEOPLE.

The whole printed upon superior paper, and substantially bound in one quarto volume of FIFTEEN HUNDRED PAGES. IJ The Text, together with the Marginal References, is printed from the standard edition of the American Bible Society. ROBERT SEARS, Publisher

Ith Sinvaluable compound, so fully appreciated by the American people, is gaining wide celebrity, and has become permanently established the best and most effective medicine of the day. Certificates are daily pouring in from all parts of the States, and the afflicted now rejoice that there is help when every other remedy proved ineffectual. Diseases which for years proved a source of misery and agonizing torture readily yield beneath its irresistible influence, and countless amilies rendered happy and cheerful by its extraordinary efficacy. If you want the pure and genuine Sarsaparilla, that which is as different and superior to Bull's Blackwell's, Townsend's, Sands', Guysott's, Cox's, or any other compound, as one thing is capable of being to another, then take Hurley's, for out of thousands of cases scattered through Alabama, Mississippi, Wisconsin, Indiana, Missouri and Kentucky, it has never in a single instance been known to fail, and will cure, be yond all doubt,

Dyspepsia or Indigestion, Scrof-ula or King's Evil, Af-fections of the Bones, Syph-ilis, Debility, Habitual Costiveness. Erysipelas, Pulmonary Diseases, Liver Complaint, Piles, Female Irregularities, Fistula, Skin Diseases,

System.
Unlike other compounds which, when first introduc ed, are said to possess medical qualities, but soon de-generate into injurious trash, this highly concentrated fluid Extract, is prepared with the greatest accuracy and chemical knowledge, entirely of vegetable substances, and warranted never to deviate in strength. powerful machinery employed with care devoted in combination, together with the important fact that it is the only preparation in America containing Honduras or Para root, establish beyond all doubt that it is the sufferer's remedy. Its extensive popularity and widespreading fame, coupled with unparalleled cures effect ed by its agency, have gained both public confidence and professional reliance. Therefore, henceforth let it be understood, for the proofs are too numerous and overwhelming to be questioned, that HURLEY'S SARSAPARILLA is the most valuable and wonderful mediains ever offered to the world. cine ever offered to the world. For sale by druggists in this city and all through the United States

Price, \$1 per Bottle-6 Bottles for \$5. Louisville, April 5, 1855. Hurley's Sarsaparilla is what is represented, and I believe it the most wonderful medicine before the pub-

lic. Nothing under heaven could induce me to say so without proof of the strongest and surest kind; therefore I speak willingly and positively on the subject.

My daughter has been afflicted with skin diseases and stiffness of the joints for several years. I employed the principal physicians of this city, and they could not cure her. I gave her your Sarsaparilla, not expecting it would do much good, but, to my great astonishment, she rapidly got well, and, thank God, continues so.— Had she been taking any other medicine, I would not give this certificate; but your Sarsaparilla, the only remedy employed, leaves no doubt of its medical qual remedy employed, leaves and acceptance ities, and that it alone cured her.

LUKE REYNOLDS.

Signed,
Any person requiring the truth and honesty of this statement, will find me at my residence, corner of Ninth and Walnut streets, Louisville.

DR. HURLEY—Sir: I have used your Sarsaparilla in Cholorosis, Ameorhooa Leucorrhea, (Whites,) and many other diseases connected with the female organization. and always found a happy result within a shorter space of time than is usually expended in the treatment. It is decidedly preferable as a general tonic to quinine, or reparations of iron, and am fully satisfied that it will ecome an established item in the physician's recipe. reparations Respectfully yours, ROBT. Four bottles of your Sarsaparilla effectually removed her complaint.

Louisville, March 19, 1855. Having been engaged in the drug business for several years, I do not hesitate to pronounce Hurley's Sarsaparilla the best preparation now in use.

GEORGE MULLIKIN.

OREGON, Ind., Nov. 28, 1854. Dr. Hurley—Sir: Your Sarsaparilla certainly deserves to supersede all other preparations of that medicine. Heretofore, the unsatisfactory results obtained from the use of Sarsaparilla, depended upon a want of skill in making proper selections from the different qualities found in our markets, and that which has been vended in the form of nostrums has generally been prepared by ignorant, incompetent and mercenary quacks, which, if containing any Sarsaparilla at all, was a very cheap and worthless article, and in the majority of instances left the sufferer in a much worse condition than before taking it. Having tested your Sarsaparilla, I am pleased to say that it is free from the imperfections alluded to, and I therefore take pleasure in recommending it to the confidence of the profession and to the afflicted public, and feel perfectly satisfied they will realize everything from it that is to be derived from the use of Sarsaparilla.
