REPORT OF INSPECTOR.

To *His Excellency*, ALBERT G. PORTER,
Governor of Indiana:

Inclosed I hand you my annual report for the year ending December 31, 1882, as authorized by an act of the last Legislature, passed April 11, 1881.

There has been a marked increase in the sale of coal oil over any previous year, as you will see by the report annexed.

It gives me pleasure to say that in not a single instance have I been able to trace any damage, either to property or person, in the use of the "Indiana legal test" oil for the past twelve months. Accidents have occurred in the use for heating purposes of gasoline, or the more volatile oils that the law prohibits the use of as an illuminator. I earnestly hope that the present Legislature may realize the necessity of prohibiting the sale or use of these liquids for any other than mechanical purposes.

I believe, in most parts, the law is a good one, and if strictly enforced will be the means of giving to the people a safe, and at the same time the most economical light that can be procured.

On next page I present a tabulated statement of oils inspected and fees collected during the past year:
