KIANSMEN IN INDIANA

There is nuch wonderment in certain quarters as to the marveous irowh of the Ku Klux Klan in Indiana and throughout America. Aside from the arts of Tolerance and other in-American, unjust and unlewful acts of its enemies, the following incident is cited an one reason for the photomenal growth of this American organization:

On July sixth the Indiana Bar Association, meeting at West Badeu, adopted a resolution concumulant 400,000 Angle-Sasar. Protestant American residents of Indiana, and their families, and refused to pass a resolution condemning blackmailers.

But the Indiana lawyers always were load politicians, some of their politicians first and lawyers and citizens afterward.

80% of the People

Literally millions of people in the Central Western States of America today are doing their own thinking. If we are to have a repirth of political idealism it will be because the people themselves desire it. Undoubtedly, the most deadly foe of progress is giving way before enlightened interest in those opposing the Knights of the Ku Klux Klan.

The opposition to the activities of the Ku Klux Klan is mere unreasoning prejudice. Everywhere, on every hand, is the sympathy and coordinated good will of 80 per cent of the people, who quietly keep their opinions to themselves, but who are nevertheless the de ciding factor in the end.

The Fiery Cross, the only Protestant newspaper in the Central West, gives facts to this greatbody of influential citizens, this great body of thinking Americans, and these facts are affirmatively received by this vast percentage of Protestant minds, representing 80 per cent of the population.

In nearly 200,000 homes live the readers of The Fiery Cross,

a great body of thinking, Protestant Americans, who are making up their minds, and whose influence will direct national thought in political, civic, and religious life.

### Christ the Imperial Pilot

For the Knights of the Ku Klux Klan Christ must be the Supreme Imperial Pilot. The Klan has great principles to carry through, a sublime mission to achieve, and with Christ as their Imperial Pilot they shall not All chall not meet dialaster, is the keynote of an editorial by Lem.

A. Deever, editor of The Great Western American, official Klan paper of the Pacific coast

The constructive thought behind Editor Deever's editorial is reflected in the majority of over minety-two Kian publications, and in pointing out he creed of the Kian editor, he makes a telling point that is submitted to Indiana and Ohlo Kiaismen for their consideration and serious-middle houselt, that if the Ku Kiu Kian, now great in numbers, is to achieve thouselt, that if the Ku Kiu Kian, now great in numbers, is to achieve thouselt, that if the Ku Kiu Kian, now great in numbers, is to achieve thouselt, that if the ku Kiu Kian, now great in numbers, is to achieve thouselt hat if the ku Kiu Kian, now great in numbers, is to achieve thouselt hat if the ku Kiu Kian, now great in numbers, is to achieve it in an ewborn Americanium, a lofty-souled Protestantism.

Jesus Christ is the Kiansman's criterion. The Fiery Cross, official Journal of the Kian, like the Westera American, strives to be as nearly true to the ideals, principles, intents and policy of the organization as is continued to the kian, like the Westera American, strives to be as nearly true to the ideals, principles, intents and policy of the organization as is continued to the continu

souled Christian, and many times antere tot as observed to the paper editor.

Few people realize the tremendous responsibility that comes to the editor of a Kian publication. Few people give any thought to the fact that the officials, members and the organization itself can adopt erroneous policies, can say and do many things that are not entirely in harmony, in keeping with the lofty principles of the organization, and of these acts the outside world may know nothing, but less the editor of the Fiery Cross make one mistake, and the whole world knows, criticizes, and measures the Kian acordingly. The responsibility of the Voice of the Kian, speaking weekly to over one-half million souls, who accept in blind faith every single fact, is staggering in its comprehension.

Nevertheless, and not withstanding all these facts, the Fiery Cross is as nearly true to the ideals, principles, intents and policies of the Knights of the Ku Kiur Kian as it is humanly possible to make it. Of course, this iant just the kind of a journal that every man wants, even many Kiansmen may kick about it, even though they worship under the Fiery Cross and Christ is their criterion of character.

We don't expect to be 100 per cent in anything but our Americanism.

We don't expect to be 100 per cent in anything but our Americanism, and neither do we expect Klansmen to be, but we do expect them to be charitable and not criticize in our efforts to maintain the ideals of the organization.

ganization.

Militant publicity is the medicine for balky individuals, the spotlight of white publicity is the greatest vehicle of truth, and to draw the line between two extremes is indeed a delicate and difficult stank; in which we pray most fervently for the support of all Protestant white men.

### We Patiently Await an Answer

There are many, many statements, made by those who oppose Protestantism in America, the most of which are so absolutely false and ridiculous that one does not wish to lend dignity to them by branding them as lies or making any attempt at all to refute them. These statements are usually made by dignitaries of the Roman hierarchy, and not even resented by a certain class of Protestants and Americans.

However, a statement made by Rev. Aurelius of St. Paul, at the dedication exercises at the Holy Name Catholic Church in Coffeyville, Kansas, on May 37 last, is the crowing insult to the Protestants of America and

damnable lie on the face of it.

damnable lie on the face of it.

Rev. Aurelius, after declaring that Catholic young men far outnumbered rotestants in the army overseas in the world war, also declared as the man that the Protestant young men were so innoculated with certain seases that are not mentioned in mixed company, that it "readered them aft for military service." This statement was made while in one of the vaula tirades against the public school and which are indulged in connucisty by the Roman Catholic hierarchy.

tinuously by the Roman Catholic hierarchy.

In this same address he spoke of the Oregon school law, passed by "Protestant bligots," and thereby put himself in a most embarrassing position. That is, among intelligent people, people who think. That is, be upt himself in an embarrassing position if he should have the courage to go into the matter with one who should wish to debate the question with

go into the matter with one who should wish to dehale the question with him.

Now, Oregon is the only state in the Union that has the drastic law concerning schools that is bringing down the wrath of the hierarchy upon it. The law was passed because of the fact that Oregon is a strictly Protestant state. The hierarchy did not have the power in that state block it. The Knights of the Ku Klux Klan are very strong in Oregon, meaning that Protestantism is very strong and that the young men of Oregon are Protestant by a veat majority.

In view of the above facts, Rev. Aurelium might be asked why it is that army statistics show that Oregon has the smallest percentage in the figures compiled in regard to the number of young men rejected by the army on account of the diseases of which a speaks?

While innumerable questions could be asked this priest, only one more will be asked at this time—and that is, why Louisians, where Catholicism is rampant, stood at the head of the same list?

### A "Wandering" Jew

A "Wandering" Jew

In an editorial standering the Kian, appearing in the Rockville Tribune, edited by I. R. Strauss, the statement is made that only one man has ever lived upon this earth who could be a one hundred per cent American. That man, the editorial states, was Christ Jesus. The writer then states that that man was a Jew.

It is peculiar the mental state of some minds. These minds assume such a strange mental attitude that an intelligent person is at a loss to conceive of the mental state in which the person possessing the minds finds himself.

The writer referred to, a Jow, says that Christ Jesus was the one one hundred per cent American, and admits thereby that Christ did appear on this earth, fact which, as we understand it, is denied by the Jews. The villiders of the Kian will go to any ends, make any rash statement to make a point." However, if any piont was made by saying that Christ Jesus was the only one hundred per cent American that ever lived, in the face of the fact that the Jews crucified Him, we can not see if.

The only point that we can get out of the statement is that the Jews are been against the principles of ones hundred per coust Americanswa since the time of Christ.

The world has long heard of "the wandering Jew" and as this writer a wandering far from the straight line of thought and that which he has been taught in his religion, it is just possible that he is the wandering Jew?

### Regrettable, But

That Robert W. McBride, national adjutant-general of the Grand Army of the Republic, should unwittingly, innocently, and through ignorance of the true principles of the Knights of the Kn Kux Kian, be made the pays and tool of that unrighteous political crowd, the un-American Unity League.

and tool of that unrighteous political crowd, the un-American Unity League, is regretable. At a meeting of the Indiana Bar Association he introduced a resolution At a meeting of the Indiana Bar Association he introduced a resolution condemning any organization "which would substitute for the open, orderly procedure of the court, the decrees of a secret tribunal of men who conceal their identity behind robes and masks," which was adopted. If true, this resolution presents a scathing indefement of any organization; but over 400,000 citizens in Indiana know how utterly riddeulous and absurd must be the Inference that the Kinghts of the Kin Klux Klan Issue decrees from "secret tribunals."

The attempt at this time to use the glory, splendor and sacred memory of the Grand Army of the Republic as a vehicle for the expression of the venomous hate and spawn of an unboly Americanism is regrettable and condemnable. It is only emphasized in this particular case by the election of J. J. Moran, of Portland, as president of the association for the ensuing vear, and, further, by the election of L. J. Kirkpatrick, of Kokomo, as vice-president. It is remarkable, indeed, how intelligent and thinking people can put their finger on the sore spots of allen indicance in Indiana.

The Absociation of the American Company of the control of the

### To the "Old Man"

The "Old Min," dear to the heart of every Klansman, was given what we really believe to be the greatest ovation ever given a private citizen in Indians, at Kokomo, Wednesday. His great and successful fight against odds, and all allen and opposition infuences, coupled with the success and growth of the Ku Klux Klan under his splendid guidance, has endeared him to the hearts of all Klansmen and will in the end endear him to the heart of the general public throughout the Nation.

It was destiny that made the "Old Man" the leader of the Klan, and it is his unselfish devotion, sterling integrity, honor and loving personality, together with his tireless energy and magnetic force, that is holding him there. No greater culogy could be paid to him and no heare could ever come to him that would be commensurate with the ovation given him at Kokomo, followed by the love, enthusfasm and loyalty in the times to some.

Come.

No great praise could be given the "Old Man" than a firm grip upon his hand, a hearty shake, and the simple words, "Steve, we're fer ye."

July 4th, 1923, was his day.

### Service at Sunset

At Kokomo July 4th, at sunset of a perfect day, when newspaper men were making the final round in order to estimate the crowd, they came upon a dilapidated Ford car bearing an aged man and woman who had been sitting in the sun and dust for hours waiting to get into Maifaifa Park. With tears streaming down his dust-begrimed face he expressed the regret at being unable to get into the park, but cheerfully said: "If I can't git in there my heart is there with the Old Man' just the same; anywork, I'm doing my bit by helping to swell the crowd."

At sunset of a perfect day a man in the sunset of life rendered the full measure of service, atherence and devotion to those principles dedicated to white, Anglo-Saxon Protestant mankind.
