Despite the distorted newspaper stories, despite the concerted efforts of the organized opposition to create a wrong impression as to the intentions of the Klan on Klan Day, September 7, and despite a one-week's rain throughout the state, approximately 65,000 Klansmen came to Indianaphlis on last Friday. This big crowd turned out in spite of the efforts of the opposition to paralyze preparations by waiting on the governor, giving out interviews through the police department; it turned out in spite of the Klan's cancellation of speeches in appreciation of the consideration shown by the State Board of Agriculture.

Smaller Countries Anxious Following Attitude Shown in "Greek War"

OSCEOLA, Ia., Sept. 10.—Two volleys of shot were poured into the ranks of more, than 108 Klansmen and Klanswomen while they were attending a naturalization ceremonyhere. No one was injured.

Scores of the intended victims of the gunmen were men and women from Des Moines and towns in the vicinity of Osceola.

Klan twestigators are reported be at work here on the trail of the lawless element that opened fire on this peaceful gathering of nativeborn American citizens. Several imborn and are espected to lead to the arrest of more than a half dozen local men on charges of assault with intent to kill. The crime carries the possibility of life in the penitentary.

Hence, there is a growing senti-ment among the smaller countrie that if the League Covenant applie to them, it apparently does not bine the great powers of Europe.

All the more do they feel convince of this because the proportion which the Italian and Greek conflic have taken are deemed by them to be unjustified by the original caus of the controversy, serious and re

## \$600,000 IMMIGRANT FINES ARE ASSESSED

Steamship Lines Penalized for Not Arriving in Time Limits Set

toms.

The steamers are the Esperanza, of the Ward line, and Estonia, of the Baltic-American Company. Officials of the companies denied that they had been officially notified of the fine, but they could not get clearance the deposits. They said the fines would be paid under protest and they would appeal to the couris for redress on the ground that the government could not implicate the limiting ratio.

The other two steamers involved the Braga, of the Fabre, and the By-ron, of the Greek line, have not yet applied for clearance papers.

The steamship companies were fined \$200 plus the passage money for each immigrant alleged to have been brought in ahead of time. The fines total nearly \$600,000.

The amount the American-Baltic Company was forced to deposit as se-curity for the fine against the Es-tonia was \$100,000. The fine against the company will be \$170,400.
