That alien interests in Indiana are casting about to find a way to get loose of Mayor Sammons and L. Shank, of Indianapolis, because they feel that he is too weak to make even a fair race, was learned when Pat Lynch, prominent Knight of Columbus, together with other members of the same organization, met in conference in Washington, D. C., last week, in an effort to figure out a way to carry the state for an alien ticket at the next state election. Picking up L. Shank, who has the backing of Bill Arrington, it has been found, is much easier than letting go of him.

Of course, Mayor Shank could be dropped easily enough, but already there is talk said to be floating through the Shank-Armitage camp in which "the double-cross" finds a prominent part. It is understood that the pro-alien interests have found they made a grave mistake in

SOUTH BEND, Ind., Jan. 5.—In spite of the cold weather and snow, a most successful outdoor mass meeting was held New Year's eve-

Many representatives came from Southern Michigan and all parts of Northern Indiana to attend the ceremony, and had the weather been a little milder the attendance undoubtedly would have reached several thousand.

The St. Joseph county Klan or organization supplied 100 needy families with well-filled baskets the day before Christmas. Neither creed nor color was considered in the distribution. Each basket contained a half pound of butter, a pound of lard, two pounds of cabbage, two loaves of bread, two pounds of sugar, two pounds of lard, one box of salt, half dozen oranges, a pound of butter, a pound of coffee, a pound of tea, and two pounds of rice. Each basket also contained two pounds of corn, a box of pepper, two pounds of corn, and a bag of flour. Mechanical automobiles for the boys in each family and sewing baskets for the girls in each family were also delivered to needy families in some cases. Many homes were quite happy by

President Coolidge is regarded here as a man of action, a strong man, a man who does things. He is not by any means a spectacular executive, but it is believed that he will be driven to wield the lash on congressmen in order to get through his business and carry out his ideas. And he is not a man who will be without precedent. It was reported to Grover Cleveland when he found a recalcitrant Congress on his hands and it worked with fair effectiveness. It is a little known fact that Cleveland was able to accomplish what Wilson used "pitiless publicity" to (Continued on Page 6)

The Youngstown publisher has just returned from a tour of Continental Europe where he recently lectured concerning the conditions that threaten the life of the United States. He said that the harshest conditions are being thrown down the throats of the people from distressed Europe would look here by the millions if they went over. SHOWS TRUE AMERICAN SPIRIT

Above is a photograph of one of the boys on the firing line at Lansing, Mich. His name is Howard Allen George, and he is through. Howard has been stoned and abused in various ways by members of the organized opposition to the Klan, but continues to sell the fiery cross paper as he is able to read news in a paper whose columns can not be bought. Howard also believes in the American system of education. He is a member of the public schools and would broaden the minds of the millions of children who now attend throughout the country. His message to the pupils in school is as follows: "To every school boy or girl who does not see the American flag at their school, or who does not hear the Bible read each day, and will give up the American flag, and will give up the American Bible, in their room I will send them either or both, purchased from my earnings from this American paper."

Evanson Woman Endows \$100,000 Chair at N. U.
CHICAGO, Jan. 5.—President Walter Dill Scott, of Northwestern University, has announced the gift of \$100,000 for endowing a professorship in home arts, the Evanson chair, in honor of Mrs. Evanson, who has been the home in the most important attention in the world, and whose name is withheld at the request of her heirs, who made her endowment of \$100,000 to be obtained in the university's campaign for \$5,000,000.

Workers' Party for 5-Year Monitors
CHICAGO, Ill., Jan. 5.—Delegates to the Workers' party, closing a three-day session here, declared for a five-year moratorium for farmers, advocated independence for the Philippines, and announced they also adopted a plan for organizing workmen in shops and factories.

However, these interests are growing, and these are now realizing that the un-American Unity League and the foreign agents of the Chicago district court and the very outcast leader of the Methodist church in an address and this, besides the un-American, caused a shiver to run up the spine of his backers.

Farmers Not Friendly
Mayor Shank declared for the farmers which, instead of aiding him, merely drew attention to the despisable way in which farmers have been treated and which Mayor Shank could right over night if he dared to assert his authority. The conditions that exist at the city market are deplorable and every farmer living near enough there to know the conditions, if at all, under decent conditions, if at all, knows how insincere was Mayor Shank's statement to the effect that he "was for the farmer."

The night he "gossiped his hat into the ring" he committed one of his many blunders by not having been better to border of Indiana when he knew as do thousands upon thousands of voters that long stretches of streets in Indianapolis are most poorly lighted. If at all in many places, and that thoroughfares through the city help protect the pedestrian in the city darkness, from thugs that infest the city under the Rikhoff-Mullin-Glenn-O'Brien-Pope regime.

It is evident that Shank's capitalization of Christmas, wherein he gave candy, that he had been in Indianapolis and collected by the arm of the city fire department, to children in "Me and Sarah" bags. The first evidence possible that a break was coming was when Darnold & Company refused to donate one pound of candy, published about one year ago by ordering the city out of a building owned by a nephew, John Darnold, engaged in physical battle with a "Fiery Cross" newspaper. The Darnolds are the Darnolds of which Mayor Shank and Chief of Police Rikhoff are members. Their refusal to donate to "Me and Sarah" was called "entertainment" at Christmas, the first outward indication that the alien Indians were growing tired of the "Me and Sarah" slogan.

Vote Would Be Laughable
Whether Shank will stay in the race for mayor is known that he was depending strongly on the alien vote taken from him and thrown to Davis, his vote would be so ridiculously small as to be laughable, same interest as he believed they could have a change of eyes toward Davis, not caring what party they use, if they but can put over a candidate.

A Good Complexion Comes from Within
By J. D. Goldsberry, D. C.
Because the pimples and the eczema are troubles of the skin, the means of restoring a clear and beautiful complexion. This is clearly a mistake. Eczema is something within the body. An external treatment of the skin will never remove the cause within.
When by chiropractic spinal adjustments the nervous and eliminating organs of the body are brought back to normal, the skin clears. Other things that you do not know you can do there is no substitute for the chiropractic method which is the method used in this office.
The Burden of Eczema is Thrown Off
For years I suffered with eczema, but I did not know a burden-practice spinal adjustments without much faith because medical doctors had failed, but I continued the adjustments for some time. Today, the itching has wholly subsided, my skin is clear, and I sleep soundly.
