## Plays and Pictures Rock With Propaganda—Performers Voice Views

(By Staff Correspondent)

On the 19th of August, 5—The Protestant Reformation is having hard work to do in New York. Slowly the Reformation is being introduced to the theatrical world and movie world is being closed in the face of the Reformation. Thousands of Protestant performers are now out of work as the Roman Catholic and Jewish influences gain complete mastery over the stage and screen.

On the 20th of August, 6—The Roman Catholic Actors' Guild seems to yield an influence which is widely felt, especially by Protestants who have been out of work's Roman Catholics placed in casts in which they were denied a part, especially the best ones.

On the 21st of August, 7—The vast majority of casting directors are Roman Catholics. Every one is familiar with the part played by Jews in the theatrical world well

**Roman Catholic Propaganda**

At this time posters displayed at the Century theatre announce that a play, ridden with Roman Catholic propaganda and which is reported to have lost \$260,000 last season, will reopen on August 15 for a re-enactment of the kind. The question today is whether or not the audience will play for continue? In the minds of those persons who are alert and who see the Protestant being forced from the theatrical and moving picture field—both as performer and producer—and plays and films reeking with Roman Catholic propaganda being produced there is but one answer. And that is that Rome and her priests are doing stand against the progress of the world, and being sent to hell, and the "millions."

CINCINNATI, Ohio, August 3.—United States attorneys succeeded in breaking up a meeting of the Ku Klux Klan when by order of Mayor Carlisle and Safety Director Tudor the police arrested a speaker addressing a meeting of Klansmen in a downtown avenue, and dispersed the opposition nothing.

The antagonistic attitude taken by city officials, when it was claimed by a certain legal authority, have not been sufficient to prevent the Klan from holding a meeting on Saturday night, in fact, it is gaining the opposition nothing.

The Klan, the speaker, "presidents," "grand dragons," and "grand dragons" were all present, and were all well received with Americans. If the police have the right to stop the Ku Klux Klan from meeting, why haven't they the right to invade a meeting of the Knights of Pythias, Woodmen of the World, or any other fraternal organization, or any other group of men who might not wish to meet?

**Minister Released on Bond**

—Rev. Charles Ambrose, of Columbia, was the speaker who was arrested by the police, after the minister had come out of the courtroom and said that the trial had not come up.

The charge placed against Rev. Ambrose was that he was conducting a meeting without a permit.

Within the past few months the minister has been most active in Cincinnati and those opposed to Protestantism have been taking steps to thwart its efforts. In a March Carrel, these forces have a slaver back. Up

(Special to The Fiery Cross)

DANVILLE, Ill., Aug. 5.—What is expected to be one of the largest Klan meetings and celebrations ever to have been held in eastern Illinois, will be staged here on August 9 and 10. The Klan in Danville is one of the pioneer Klans of the state and most conservative. All the past year enthusiasm held in check for so long will be expended, according to leading Klansmen here, in making the celebration one long to be remembered by those who attend.

One of the features planned for the event is a monster parade, which will be led by approximately one hundred horsemen in full Klan regalia. Many bands, drum corps and beautiful floats will be in the procession. The many floats will represent historical events and the Klan principle. Many women marchers will have a part in the parade which will be held Saturday night.

The lady ministers of Terle Haute will give a performance immediately following the parade. The Saturday night. The minstrels played to packed houses and were one of the features of the Terle Haute homecoming several weeks ago.

**National and other well-known speakers will deliver addresses during the two days of the celebration. The committee in charge promise many diversions for those in attendance. Delegations from many surrounding towns, including points in Indiana, have signaled their intentions of taking part in the celebration and parade.**

HAVERHILL, Mass. Aug. 5.—Scores of Klansmen in this place and surrounding towns are today recovering from wounds received when a mob composed of Roman Catholics and other un-American forces swept down on Klansmen as they left a meeting near Lancaster on last Wednesday night, and bricked, clubs and bottles from which the necks had been broken. It is conservatively estimated that autos in which the Klansmen were riding were damaged to the amount of approximately \$50,000.

These reports are verified by the enthusiastic support given these celebrations since the first one last spring. It was conservatively estimated that more than 500,000 Klansmen and Klanswomen were actively engaged in the celebration held on the fourth of July.

These meetings already scheduled, and at which state officials of the Klan will deliver addresses, are:

Columbia City, August 17; Dublin, August 23; Remington, August 30; Logansport, Labor Day; and Hoosier Legion Day, Labor Day.

It is expected that a number of Klan celebrations will be held on Labor Day.

Klansmen Are Gratified

The consistent work being done by the Klan in eradicating churches, both morally and financially, and the bettering of civic conditions in many different cities and towns, is being felt, and good work is being accomplished.

The growth of the Women of the Ku Klux Klan has been almost marvelous during the past several months and the women are taking a most active part in the program laid out by the organization.

Only one Klan which is but opening its first birthday, has enjoyed wonderful progress. This organization will hold its first big statewide meeting in Indianapolis during this month. Its membership is increasing at a most rapid rate and it is expected that it will "rule" all by themselves.

The Knights of the Flaming Circle is a part of that organization known as the Knights of the Flaming Circle, which is reported to have been organized in the city of Indianapolis.

No has been reported as killed by the attack, but a number of Klansmen are today suffering wounds.

# ALLEGED MONOPOLY IN RADIO REPORTED

Careful Consideration Being Given Charge—Suits May Be Filed

WASHINGTON, D. C., August 1.—Careful consideration is being given by Attorney-General Stone and his assistants to the report of the Federal Trade Commission in which it was charged that a monopoly exists in the control of radio apparatus and communication. It was stipulated in the report that the Federal Trade Commission was not satisfied with the report warrants laws were not stated. The study of the situation is in the hands of the anti-trust division of the department.

Complaint issued in January before the commission, which issued a complaint last January directed at the American General Electric Company, the American Telephone and Telegraph Company, the Western Union Telegraph Company, the Western Union Electric and Manufacturing Company, the International Radio Company, the United Fruit Company, the United States Specialty Company, and the United States Patent Company.

It alleged that the respondents have combined and conspired for the purpose and with the effect of restraining competition and creating a monopoly in the manufacture, commerce and radio devices and apparatus, and in domestic and transoceanic radio communication and broadcasting.

Patents are involved. The commission charges that the various companies are seeking to perpetuate present control beyond the expiration of their patents. The department is not satisfied with the situation involving patents because of questions affecting patents involved in the suit recently instituted against the Standard Oil Company of Indiana and other oil companies in connection with an oil cracking process.

# George Washington Made a Mason on August Fourth

Many Masons, Including Admiral Farragut, Figure in America's History—Masonry Consistently Fought Holy Alliance Composed of Monarchs and the Vatican, a Combination Opposed to Spread of Republicanism.

Fremasonry celebrates many anniversaries in August, memorializing great men who have knelt at Masonic altars and taken the vows, and remembering their achievements.

The first date that claims Masonic attention is August 4. Upon this date, in 1733, the father of his country was raised a Master Mason in Fredericksburg Lodge No. 4, Fredericksburg, Virginia. Thirty-five years later he became the first master of Alexandria lodge, now Alexandria-Virginia Lodge No. 22, in Alexandria, Virginia. Washington was proud of his Masonic associations and during his long life gave many public avowals of his interest in the craft and his belief in its principles.

Coming down to the days of the civil war, August 5 will be the anniversary of the Battle of Mobile Bay in the year 1864, at which time Admiral Farragut, in command of the Union fleet of twenty-one wooden vessels and four ironclads (monitors), attacked the two strong forts, Fort Morgan and Fort Gaines, that guarded the entrance to Mobile Bay. The battle was planned with torpedoes, mines, and engaged and destroyed the Confederate naval force of four ships inside. This was the occasion when he gave utterance to the exclamation: "Damn the torpedoes! Go on!"

Admiral David G. Farragut was a Mason and his burial service was conducted by the Masonic lodge at Portsmouth, New Hampshire.

The following day, August 6, Masonic memories will return to revolutionary times in commemoration of the battle of Oriskany, fought in the year 1777, the bravest and bloodiest of the war of the Revolution. It was the day when the Continental Congress fled to Lancaster and then to York, and finally to Philadelphia.

General Nathaniel Greene, another famous Revolutionary general, was born August 7, 1742. He was a member of a lodge in Rhode Island and wore a Masonic emblem around his neck all through the revolution.

### Monroe Doctrine

Every American patriot, whether a Mason or not, should pay tribute to the memory of George Canning, the famous English statesman who died in 1844. Canning was the first to give the Monroe Doctrine its political doctrine which later was enunciated by President Monroe and bears his name. Canning was a constant enemy of the Holy Alliance, an alliance of absolutist monarchs and the Vatican in opposition to the rise of the republicanism. Canning was a great statesman, and his doctrine of Europe that the power of Great Britain was behind the proclamation of the American president. This prime minister prevented an attack upon the young democracy across the sea. The young nation declared that it was "not in the least logical intellect in Europe." An illustrious statesman was made a Mason in Prince of Wales lodge in London in 1810.

Frederick the Great is the most famous Mason of German history. In the eighteenth century Frederick was a great statesman and a great warrior. There were no other statesmen or warriors of the various degrees. Under the authority of Frederick the Great the Ancient and Accepted Degrees of the Scottish Rite were established and, it is said, the use of the double-headed eagle, which was the symbol of the Russian Empire, in the clothing of the Grand Master of the Rite. Freemasonry was granted to the newly-organized order as a sign of royal recognition and approval.

Frederick the Great was made a Mason in the Ableson lodge, Hamburg, August 11, 1738, and two years later he was made the master of this lodge.

**Masonic Principles Disregarded**  
The anniversary of the birth of Napoleon Bonaparte on August 15, 1793, will serve to revive the incident of the French Revolution. The French Revolution was a great event in the history of the world. Many traitorous Masonic historians state Napoleon was made a Mason at Malle in 1793, although it is claimed by others that the records are somewhat uncertain. There is abundant evidence, however, that Napoleon was a Mason. He was a great warrior and a great statesman. He was a great friend of the French people. He was a great enemy of the Holy Alliance.

George E. Brennan, of Chicago, the so-called increased king of the K. K. K., was a great warrior and a great statesman. He was a great friend of the French people. He was a great enemy of the Holy Alliance. He was a great friend of the French people. He was a great enemy of the Holy Alliance.

### FORD MAY ENTER RACE FOR SENATE

One Newspaper Dispatch Announces  
"Klan Would Not Oppose Him."

LANSING, Mich., August 1.—Henry Ford is considering a proposal to enter the race for the Republican nomination for United States senator, according to a report received in a semi-official way from Washington by a high state official. Ford, who is now in England, is said to be considering the possibility of entering the race, or at least take an active part in an attempt to defeat Cousens.

Coupled with the report about Ford was one that Governor Alex. Groves, who left for Washington last night, was expected to be primarily to interview officials about the release of funds for Roosevelt Hospital at Battle Creek, but to get inside information on the political situation in Michigan as viewed by national leaders.

Greatness is not untriedly to be won. It is the result of long and hard work. It is the result of long and hard work. It is the result of long and hard work. It is the result of long and hard work.

We appeal to you to patronize the persons and firms advertising in The Fiery Cross.

True, not all such advertisers are Klansmen. Yet, they are friendly to us, or they would not advertise in our publications. Some are not members because of our own restrictions as to nativity. We would not, if we knew it, accept an advertisement from any one who is barred by our moral restrictions.

Before making your next purchase scan the columns of The Fiery Cross and any other Klan publication that you may have at hand, and see if you can find what you want advertised in The Fiery Cross. Then, when making your purchase, endeavor to let it be known to the advertiser where you saw his advertisement, and thus show him that you appreciate his friendly interest in our organization, whether he is a Klansman or not.

It is constantly drilled into us through lessons in Klanscraft that we should "return good for evil." Let's do that, but, at the same time, let us return good for good, and patronize those who patronize us.

The girl rushed to her parents with the word that her fiancé's church had permitted a Protestant minister to pronounce the sacred vows that would bind them together in wedlock. Preparations for the wedding were made, and a suite of rooms was arranged for in a neighboring city. The young folks went away joyous in the anticipation of a union which would bring them into the arms of their fatherly pastor. But the girl's father, knowing life and home better than his daughter did, paced the floor and finally in much travail of spirit made his way also to the city where this Protestant minister was to perform the wedding. When he came to the place, and immediately upon his arrival his daughter, a weeping, broken bit of humanity, in her bridal finery, came running to throw herself into her father's arms. "Before the wedding," she sobbed, "before the wedding, the priest came to me with a long paper I must sign, binding my children to Catholic faith and instruction, and I must also submit to have a second ceremony performed—that I would have to be married, daddy, by a priest after all—I would be the same as have to be a Catholic." So he took the weary, weeping child of his own heart home, and—she is still unmarried. So, daddy, I can never think of any other man—but I shall never let a priest pronounce the ceremony, and I shall never raise my children to be Roman Catholics." Father? Why do Klansmen love Rome?

### Use of Educational Films Show Increase

The use of educational films in schools is on the increase. The demand has been felt everywhere by so steadily and become so insistent that many companies are finding it pays better to produce them to sell to schools than to engage in the making of a short life, which have at best but a short life. Education has always been recognized as a powerful aid in the acquisition of knowledge. Actual travel is better than the illustrated lecture; the chemical experiment performed is worth a dozen read about books. The motion picture of the day is a powerful aid in the acquisition of knowledge. Its showing of processes beats any possible description.

Educators are conservative and rightly so. The educational world has learned to beware of the fancy, the radical idea in teaching. Some are still averse to the motion picture, and their conservatism educators find the film a real help is the best argument why school boards should see to it that schools are equipped with projectors and that the higher type of producers of educational films becomes inexhaustible.

After all is said, the real work of the world is providing for its continuance and its betterment. That means making citizens out of children, educating them to do their part in the world. There is no more important work before any of us than that; conquest, invention, commerce, exploration, discovery, are all less important than the people who will one day carry on the torch we pass to their hands in the twentieth century.

### Better Films Needed

Let us, then, do our share in this important work. Let us produce better educational films, travel films, scientific films; let us insist that our children's school be equipped with a suitable projector and screen, that our children have the utmost benefit from one of the greatest inventions of the world, the motion picture, which is only now, in the twentieth century, coming into full fruition.

### CHANGE IN DRY LAW OPPOSED BY HOTELS

CLEVELAND, Ohio, August 2.—Hotel proprietors of the United States are three to one opposed to either the repeal or modification of the prohibition laws, according to the preliminary survey reported to the Educational Committee of the American Hotel Association, who addressed the national convention of the organization here. He said: "The prohibition law raised the hotel proprietors from the level of a level with any other legitimate business man. His business is today better than ever before. Last year new hotels costing \$250,000,000 were built in this country."

machinery. Eight men have been waylaid, slugged and beaten by gangsters as they returned from Klan meetings. One of the victims was blacked into unconsciousness.

Offices Broken Open District headquarters offices of the Mammoth Klan have been broken into during the early morning hours. Desks, safes and files in these offices were broken open and rifled. Additionally, the Klan is being attacked by the enemy as all important records of the Klan are kept where they can not obtain them.

In addition to this heavy material damage an effort has been made to revive the practice of sabotage and so, consequently some eighteen months ago. That the campaign is not more successful is attributed to the profound secrecy which is now thrown about the identity of Chicago Klansmen.

The motive for the new attack upon the Klan is said to be the reaction of Irish, Italian and Jewish gangsters to the victory won at the Democratic convention.

### KLAN BIG AID TO DRY ENFORCEMENT

Klansmen Will Line Up Behind Congress to Push Prohibition

CHICAGO, August 1.—The Knights of the Ku Klux Klan will be the first to line up in the fight against the wet forces in the nation, which has announced through its Washington headquarters that its activities should be devoted entirely to efforts to elect of new wet members to the congress. The Volstead act to permit sale of light wines and beer would be certain, a statement said, adding that prospects for modification were "extremely bright."

"During the 1914 campaign the association," the statement says, "will take up no sides in the Presidential race. It will, as heretofore, devote its efforts largely to the election of congressional and senatorial candidates who are friendly to modification of the prohibition laws. The party with which the candidate is affiliated."

"In congressional or senatorial districts where two or more candidates are wet the association will make no discrimination between the men of good standing. The election of either, in cases of this kind, will be satisfactory to the association."

Klansmen throughout the United States will make it a point to see that only men who will uphold the prohibition of the United States are elected.

 Protestant performer said today, "can only mean that eventually Protestants will be a very small minority in this country. It means little today—it is possessed by a Protestant."  
 A former actor, now engaged in the automobile business, said that he believed the whole was but one of the steps being taken to finally Roman Catholicize the whole United States.

"So long as a reliable public comes, there is always a demand for dramatic performances, and attend the-atrial performances where Protestants are lampooned, the gigantic scheme will go on successfully."

### GUARD TO CONTINUE AT COOLIDGE GRAVE

Souvenir Hunters Chip Pieces of Stone From Walls of Cemetery

PLYMOUTH, Vt., Aug. 3.—The military guard which has been on duty at the grave of Calvin Coolidge, Jr., will be continued through the summer. Hundreds of persons visit the grave daily and souvenir hunters are much in evidence. They have been seen in evidence on the hill where the grave is located.

At the home of John G. Coolidge, the president's father, Mrs. May Johnson, a friend of the family, received visitors in the absence of Mr. Coolidge in Washington. It is estimated that at least 5,000 persons there to see the body of the president, which is lying in state in the cemetery, called at the Coolidge home.

### BOONVILLE KLANSMEN HOLD CELEBRATION

BOONVILLE, Ind., Aug. 1.—The K. K. K. Klan staged a fine parade here on last Saturday night before the celebration of the anniversary of the founding of the United States. The parade was held of which the parade was a part. Airplane, stunts and other features were on the program. Klan interfered to some extent with the celebration but did not have any serious effect on Sunday night. In the evening a patriotic speech was largely attended. Several thousand persons took part in the celebration.

Capital August 16-17  
 Reports being received from all parts of the state indicate a large crowd will attend the two-day celebration of the Junior Ku Klux Klan at the fair grounds in the city of Indianapolis. Plans have been made for a large parade and many other features. Many parents will accompany their children to the celebration. The camping group has been provided where plenty of fresh water is to be had. There will be a number of attractions, all of which will be free to members of the Junior Klan. Thomas O. Freiler, is chairman of the committee on arrangements, stated that everything possible will be done to provide the visitors with a good time.

On Sunday special church services will be held and Sunday school classes will be open to the public. Field day events will be held on Saturday and many contests will be put on during the day. Many in the crowd are expected to be from the Tri-State, who is withholding the grand finale as a surprise.

### PLAN TO DESTROY SCHOOLS BY FIRE

Burning of Building Centers Attention on Plot in Far West

WOODLAND, Cal., Aug. 3.—The destruction of the grammar school building here, causing a loss of \$50,000, is the first step in a plan to destroy the school buildings in the state. The plan is to burn the school buildings in the state. The plan is to burn the school buildings in the state.

Woodland school has developed evidence indicating incendiary origin. That California is not the only state in which school buildings are being burned, is attested by recent events in Colorado. Mary C. C. Bradford, state superintendent of instruction, following the destruction of nine schools, made close investigation of the schools and found that the schools were burned by the Klan.

## FRAUD UNEARTHED IN SCHOOL PROBE

Catholic Academy Permits Students to Copy Answers in Examinations

PORTLAND, Ore., August 5.—Discussion of the Oregon school bill brings out interesting sidelights regarding some of the parochial and private educational institutions within the state. Inquiry into the activities of the Catholic Academy of Portland, developed that this academy allows its students to copy the answers to their examinations with the obvious object of giving them a good rating when comparisons are made with the competitors. It is contended that the only time the pupils at this academy give did take fair examinations given by a state examiner, that only a very small percentage of them received a passing grade.

The academy law, which requires that all schools and some private schools are now seeking to annul, will go into effect in 1938 unless Roman Catholic influence in the state is successful in preventing its operation.

## CATHOLIC MOUTHPIECE ADMITS KLAN FORCE

NEW YORK, August 1.—Frequently even the worst of prejudicially untrue and untruthful articles tell the truth or at least have some basis of fact. So it is with the mouthpiece of the Ku Klux Klan, which they are unable to avoid.

Such seems to have been the position of the new publication of this city, The Bulletin, Roman Catholic mouthpiece, recently reported as hearing of the County Fire Commission's valuation for taxation purposes of the company.

The Bulletin, which is owned and operated by the company, was drawn, so it seems, into discussion of the Klan and was truthful enough to make it plain to the press that Ohio was a Klan state.

## ARKANSAS DRY LAW VIOLATIONS LOWER

Klansmen Aid Federal, State and County Officials in Big Campaign

LITTLE ROCK, Ark., August 5.—One of the outstanding achievements of the Ku Klux Klan in Arkansas is the discouragement of the clandestine sale and manufacture of liquors. The Klan stands at all times for a strict enforcement of the law, and its members are active in the enforcement of the law.

Prohibition enforcement officers are authority for the statement that there are fewer violations of the Eighteenth Amendment in Arkansas than ever before. They say that the apparent decrease in bootlegging and to the attitude of the public toward law enforcement. The officials say that there is probably less than one-third the amount of liquor being sold in the state as there was a year ago.

Catholics Make Third Drastic Attempt to Break Up Kansas City Meet

KANSAS CITY, Mo., Aug. 4.—Roman Catholic bigotry was evidenced last night when a mob of Catholics used bricks and bombs to break up a Klan meeting in Kansas City.

Police Protection Refused Klan—Window of Store Daubed With Yellow Paint

ANTIGO, Wis., August 1.—When police refused police protection for a Klan meeting here, the Klan members, rather than incline trouble, canceled the meeting and a small group gathered at the home of the Klan, where they were surrounded by a mob of 200 Catholics.

Yellow paint was used in writing the letters K. K. K. on the window of an alleged Klansman's jewelry store.

DETROIT, Ind., Aug. 1.—In a parade of 2000 Klansmen, which took place here recently, a float representing a drinking and gambling crowd of men and women, presided over by a woman, was the feature of the parade.

Flots representing the little red schoolhouse, Rock of Ages, Goddess of Liberty and several others emblematic of subjects of real interest to Klansmen, appeared in the parade. Prior to the parade Rev. Wren, a Klansman, gave the Klansmen a further address from the courthouse bandstand.
