## LABOR CONDITIONS IN HAWAII.

SUBCOMMITTEE OF THE  
COMMITTEE ON THE TERRITORIES,  
HOUSE OF REPRESENTATIVES.

Wednesday, August 30, 1916.

The subcommittee met at 10.30 o'clock a. m., Hon. William C. Houston (chairman) presiding.

The CHAIRMAN: Gentlemen, I have appointed the members of the committee who are now present, namely, Messrs. Watkins, Brumbaugh, McLemore, and Dowell, in connection with myself, to act as a subcommittee for the purpose of hearing Mr. W. H. Hindle, of Honolulu, present a petition for the betterment of conditions in the commercial and industrial affairs of the Territory of Hawaii, relating especially to the conditions and admission of Chinese laborers in that Territory.

(Mr. Hindle presented a petition entitled "Petition to the administrators of the Government of the United States of America, for the betterment of conditions and admission of Chinese laborers to the Territory of the Hawaiian Islands: Presented by the United Chinese Society: Beneficial to all Chinese in Hawaii.")

### STATEMENT OF MR. W. H. HINDLE, OF HONOLULU, HAWAII.

Mr. HINDLE. Gentlemen, this proposition was gotten up a year ago when the congressional party came to Hawaii, for the purpose of the amelioration of the conditions of labor in Hawaii, especially in the rice fields. Many of the Congressmen—Mr. Burnett and others—gave us a hearing. Finally we took the Congressmen around and showed them what the conditions of the commercial interests in Hawaii were and what it meant in America, so far as Congress is concerned. When the Burnett immigration bill went through the House of Representatives and was voted on favorably in the Senate, the Japanese immediately got busy in Hawaii and they sent men over here at great expense, which had some effect on the proposed legislation, through Mr. Chinda. Now, the Chinese thought it was about time for them to get busy, and they wrote to the President. The President turned the matter over to Mr. Wilson, of the Department of Labor, but the result was not satisfactory to them. Then they got up a petition, and knowing that I was coming over here representing the Mercantile Reference Agency, they requested me to represent them. Now, you understand I am doing this without compensation from the Chinese, or anybody else. Knowing the Chinese as I have known them for 38 years in Hawaii, I am thoroughly familiar with conditions of labor there, and there is ample justification for this proposition so far as they are concerned. When this matter was first
